

SERIES 90 PALLET RANGE

Material Handling Systems

The Series 90 Pallet Range is proudly Australian made, owned and fully-certified with over 40 years of proven design and durability. They provide increased storage, added security, a safer working environment, less manual handling, and a more environmentally friendly method of commercial and warehouse storage.

Self-Locating
Pallet Feet

Key Features

Stackable

Can be stacked with other Series 90 Pallets fully loaded static at 4 pallets high using the self-locating pallet feet.

Transportable

Space-saving and cost-effective with pallets engineered to safely carry full load while stacked 2 high in freight.

Movable

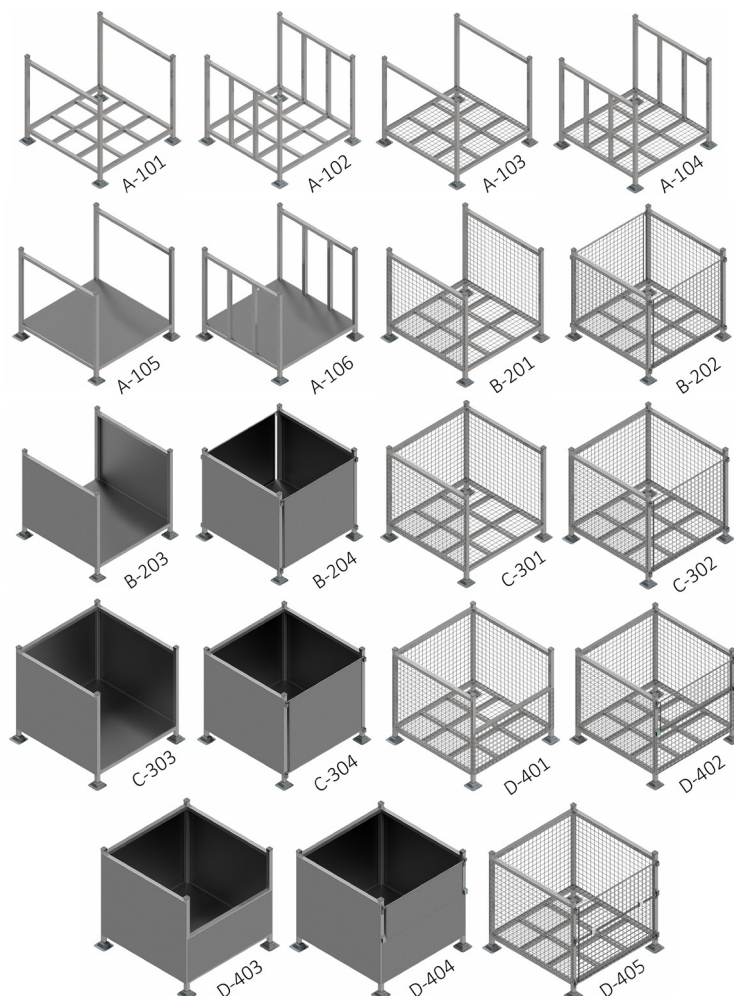

Easier access to goods and added flexibility for placement in warehouse with the ability to be moved with forklift.

Safe Working Load

Certified and Engineered to safely carry an evenly distributed 1000kg load.

Series 90 Pallet Range

SERIES 90 PALLET RANGE

Model A-101

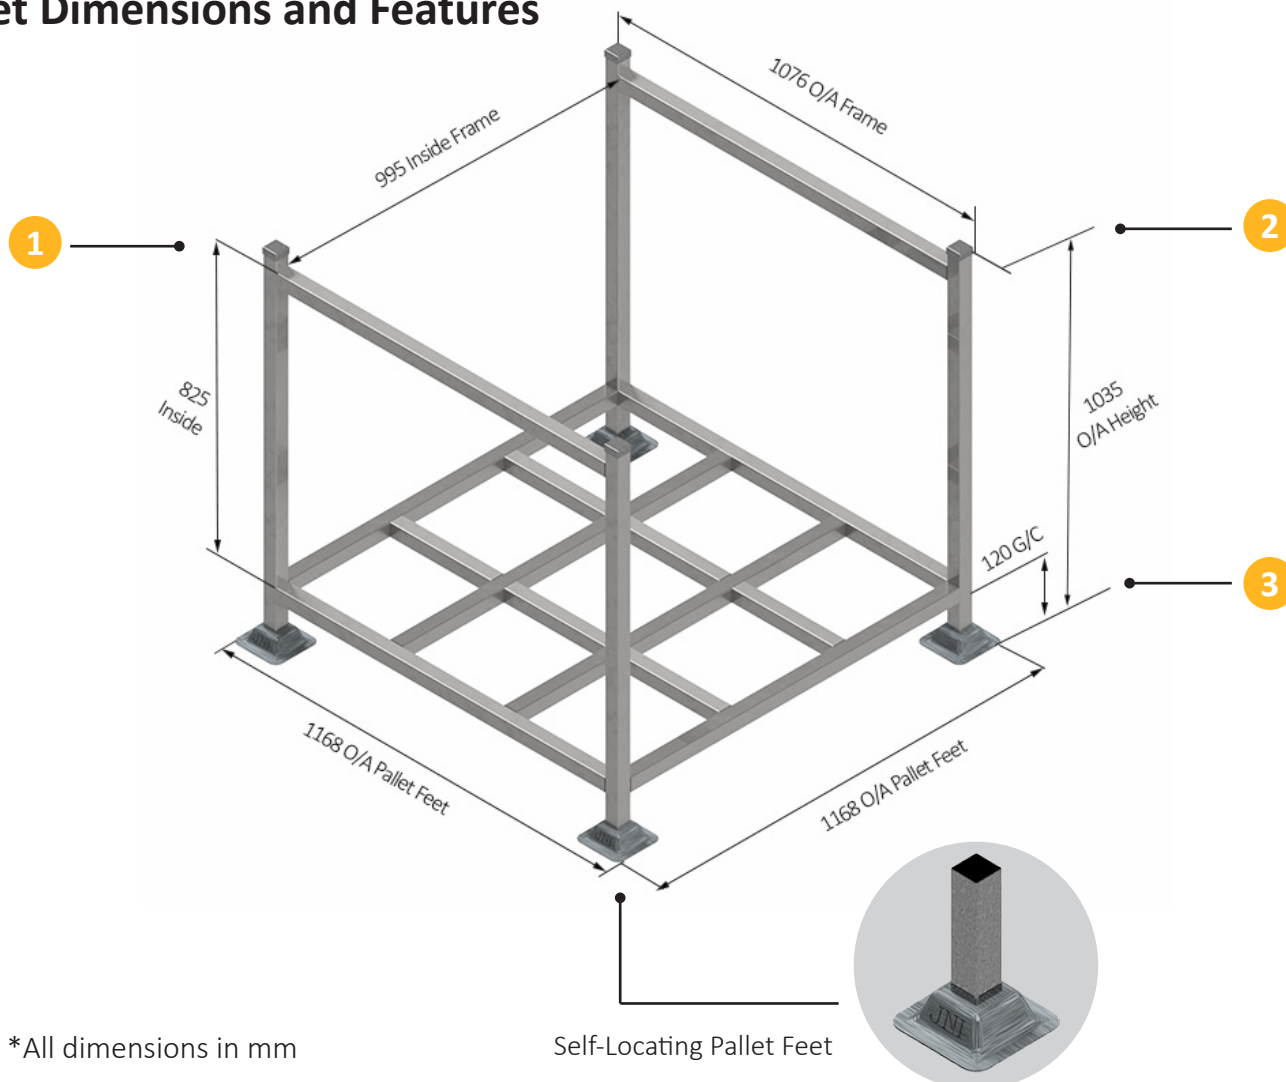

The Series 90 Pallet Range provides an array of options for your unique storage needs, whether you require a simple stillage or the added security and ease of access with mesh, sheet, or customisable gates. All Series 90 Pallets are stackable with each other using self-locating pallet feet, corrosion-resistant with pre-galvanised parts and protected welds, and designed to maximise space efficiency in transit.

Technical Specifications

- | | |
|---|---|
| 1 | 4 post stillage with horizontal top bar front to rear |
| 2 | Lightweight - Unit Weight of 27kg |
| 3 | 120mm Ground Clearance for easy forklift access |

Pallet Dimensions and Features

SERIES 90 PALLET RANGE

Model A-102

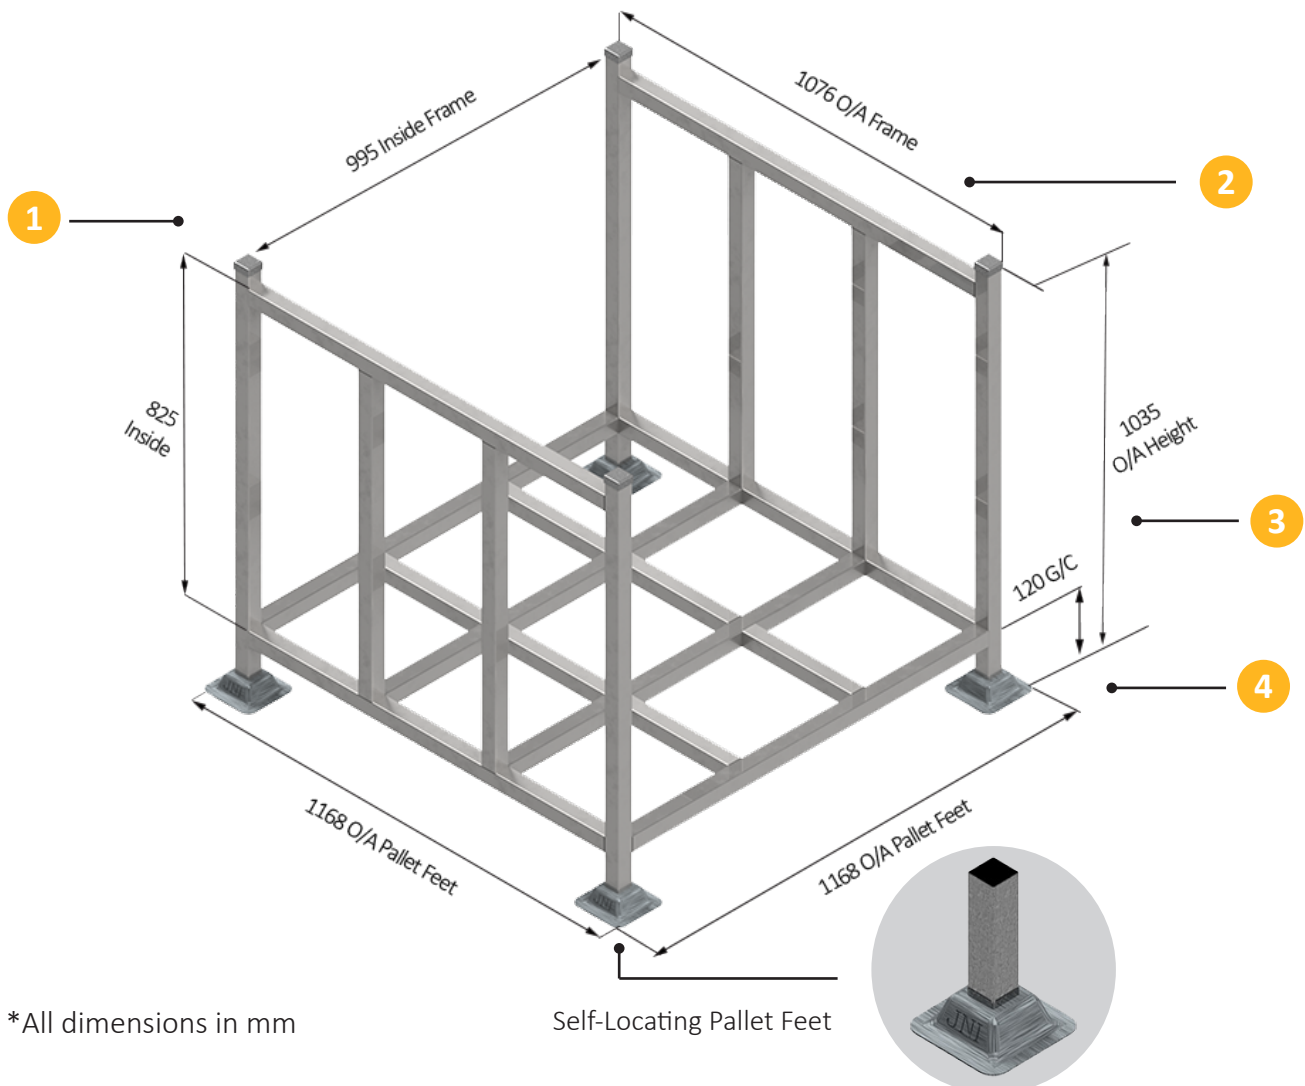

The Series 90 Pallet Range provides an array of options for your unique storage needs, whether you require a simple stillage or the added security and ease of access with mesh, sheet, or customisable gates. All Series 90 Pallets are stackable with each other using self-locating pallet feet, corrosion-resistant with pre-galvanised parts and protected welds, and designed to maximise space efficiency in transit.

Technical Specifications

- 1 4 post stillage with horizontal top bar front to rear
- 2 Additional side droppers to secure shorter lengths
- 3 Lightweight - Unit Weight of 33kg
- 4 120mm Ground Clearance for easy forklift access

Pallet Dimensions and Features

SERIES 90 PALLET RANGE

Model A-103

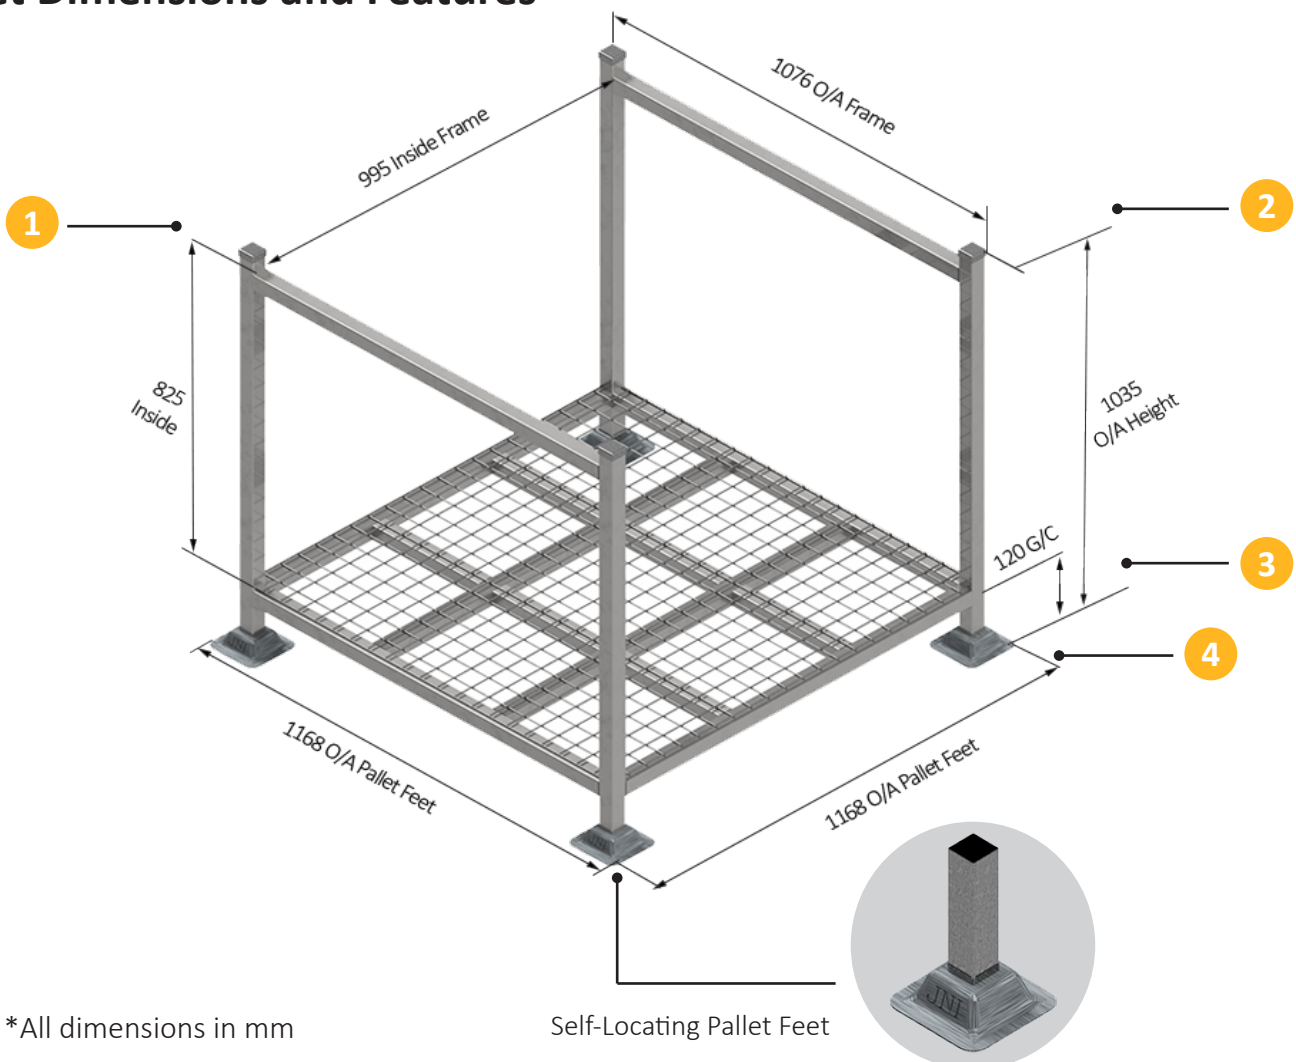

The Series 90 Pallet Range provides an array of options for your unique storage needs, whether you require a simple stillage or the added security and ease of access with mesh, sheet, or customisable gates. All Series 90 Pallets are stackable with each other using self-locating pallet feet, corrosion-resistant with pre-galvanised parts and protected welds, and designed to maximise space efficiency in transit.

Technical Specifications

- 1 4 post stillage with horizontal top bar front to rear
- 2 Base clad with 50 x 50 x 4.0 mesh
- 3 Lightweight Unit Weight of 27kg
- 4 120mm Ground Clearance for easy forklift access

Pallet Dimensions and Features

SERIES 90 PALLET RANGE

Model A-104

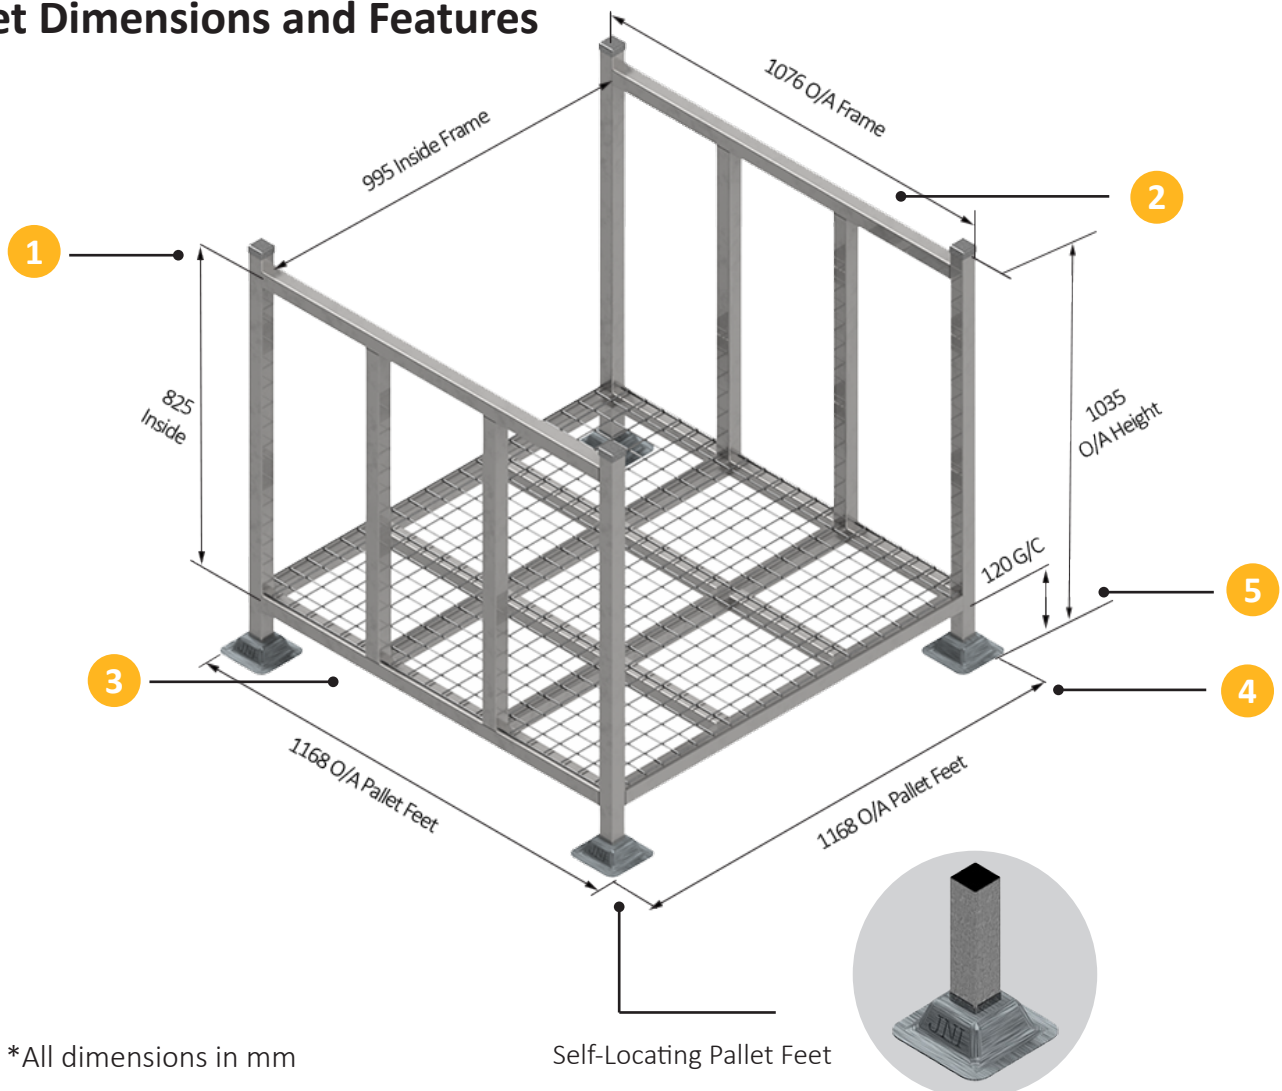

The Series 90 Pallet Range provides an array of options for your unique storage needs, whether you require a simple stillage or the added security and ease of access with mesh, sheet, or customisable gates. All Series 90 Pallets are stackable with each other using self-locating pallet feet, corrosion-resistant with pre-galvanised parts and protected welds, and designed to maximise space efficiency in transit.

Technical Specifications

- 1 4 post stillage with horizontal top bar front to rear
- 2 Additional side droppers to secure shorter lengths
- 3 Base clad with 50 x 50 x 4.0 mesh
- 4 Lightweight - Unit Weight of 27kg
- 5 120mm Ground Clearance for easy forklift access

Pallet Dimensions and Features

SERIES 90 PALLET RANGE

Model A-105

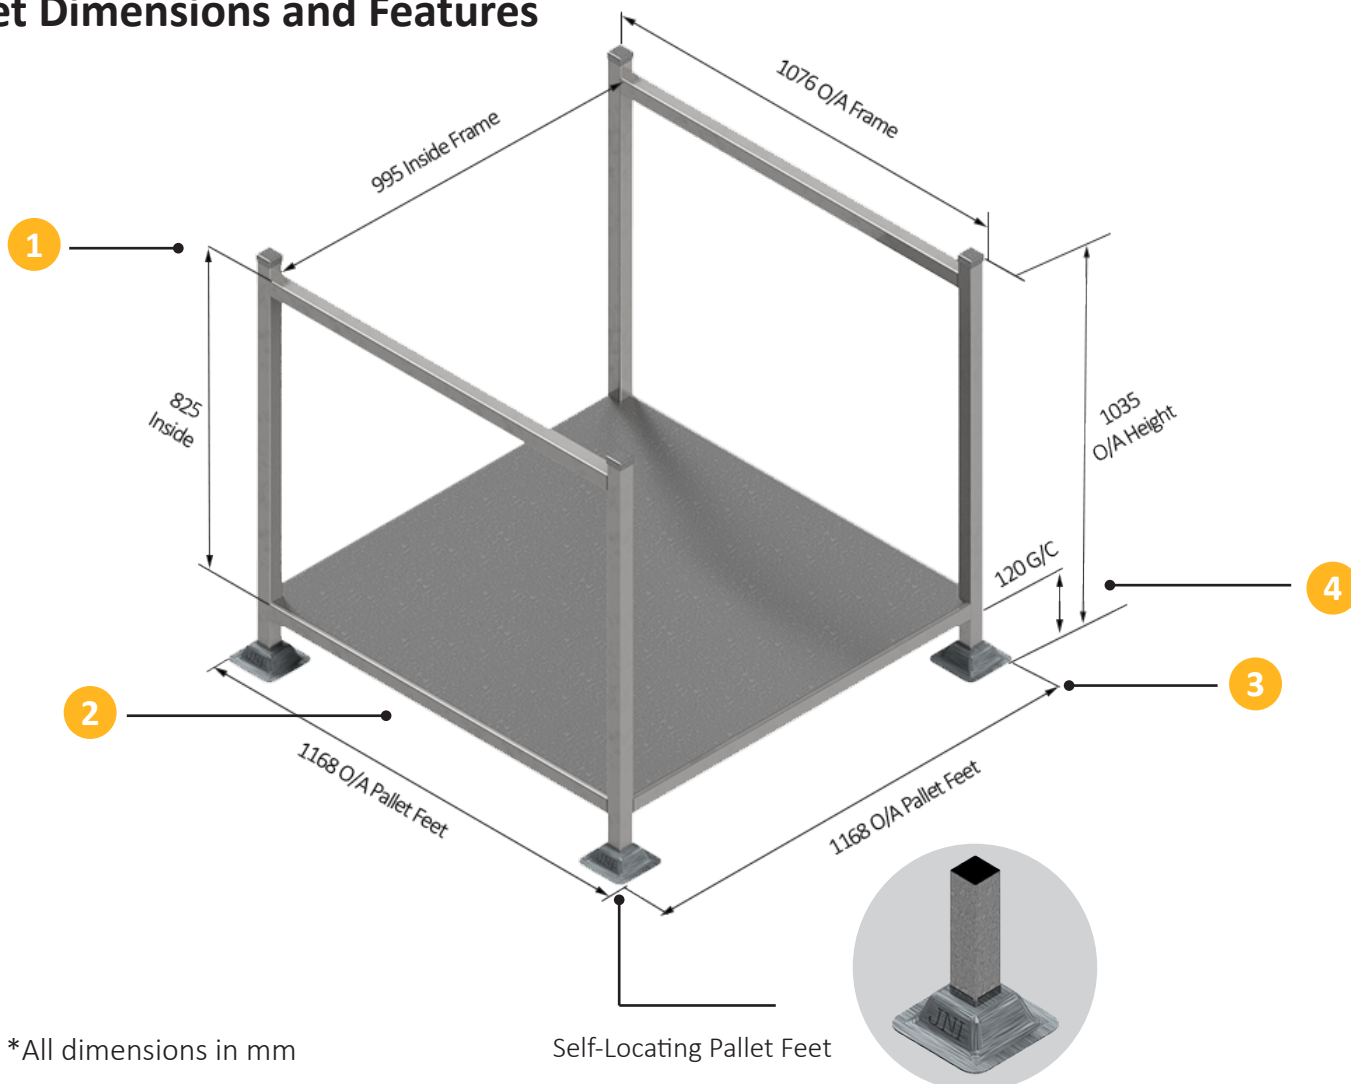

The Series 90 Pallet Range provides an array of options for your unique storage needs, whether you require a simple stillage or the added security and ease of access with mesh, sheet, or customisable gates. All Series 90 Pallets are stackable with each other using self-locating pallet feet, corrosion-resistant with pre-galvanised parts and protected welds, and designed to maximise space efficiency in transit.

Technical Specifications

- 1 4 post stillage with horizontal top bar front to rear
- 2 Base clad with 1.2mm sheet
- 3 Lightweight - Unit Weight of 38kg
- 4 120mm Ground Clearance for easy forklift access

Pallet Dimensions and Features

SERIES 90 PALLET RANGE

Model A-106

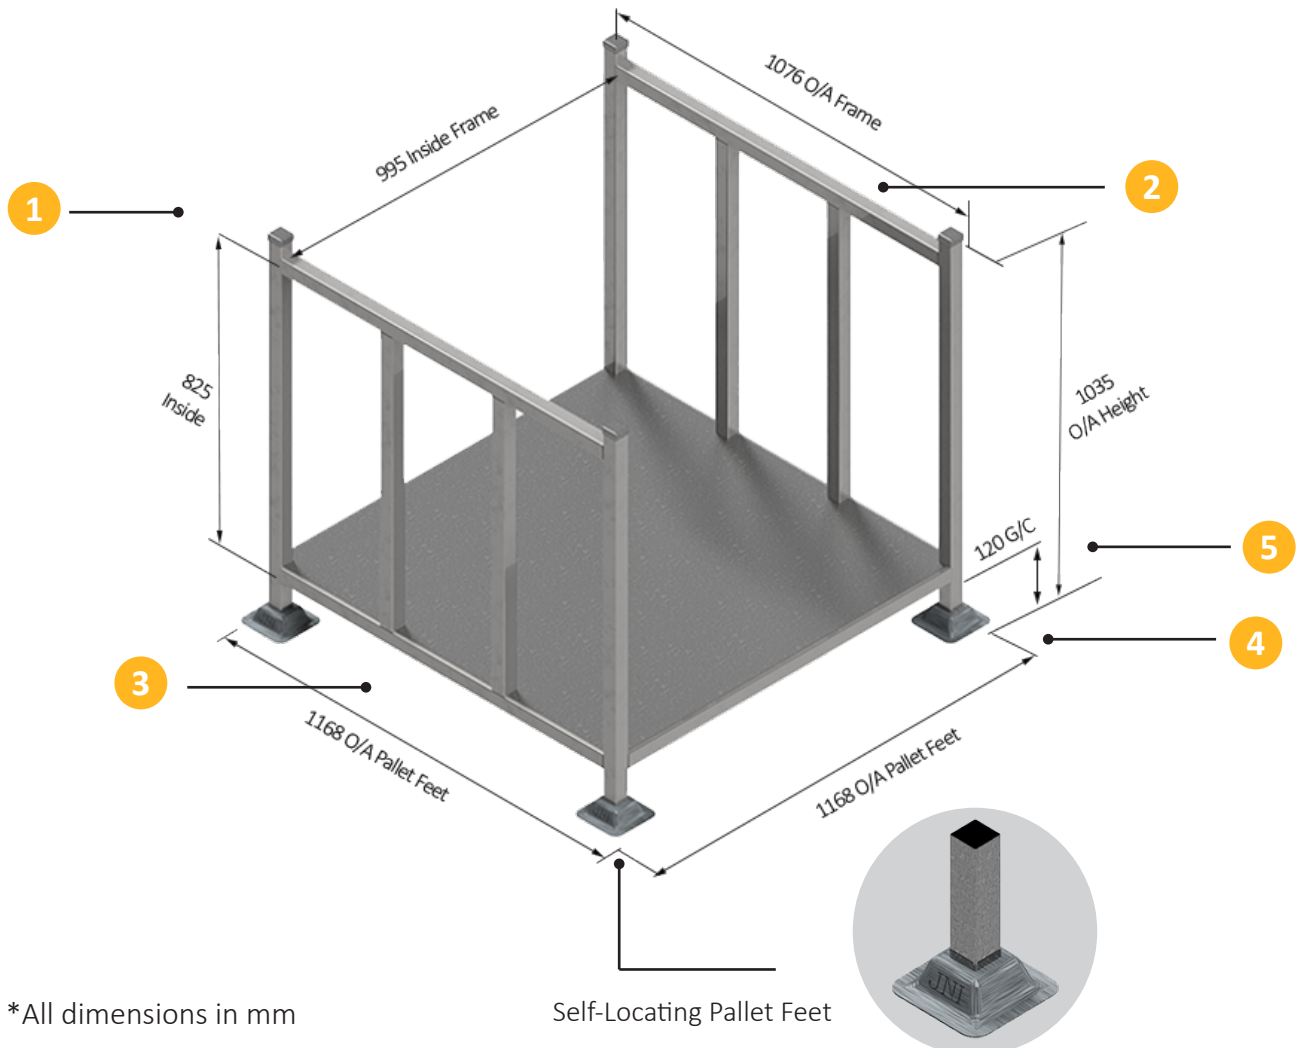

The Series 90 Pallet Range provides an array of options for your unique storage needs, whether you require a simple stillage or the added security and ease of access with mesh, sheet, or customisable gates. All Series 90 Pallets are stackable with each other using self-locating pallet feet, corrosion-resistant with pre-galvanised parts and protected welds, and designed to maximise space efficiency in transit.

Technical Specifications

- 1 4 post stillage with horizontal top bar front to rear
- 2 Additional side droppers to secure shorter lengths
- 3 Base clad with 1.2mm sheet
- 4 Lightweight - Unit Weight of 43kg
- 5 120mm Ground Clearance for easy forklift access

Pallet Dimensions and Features

SERIES 90 PALLET RANGE

Model B-201

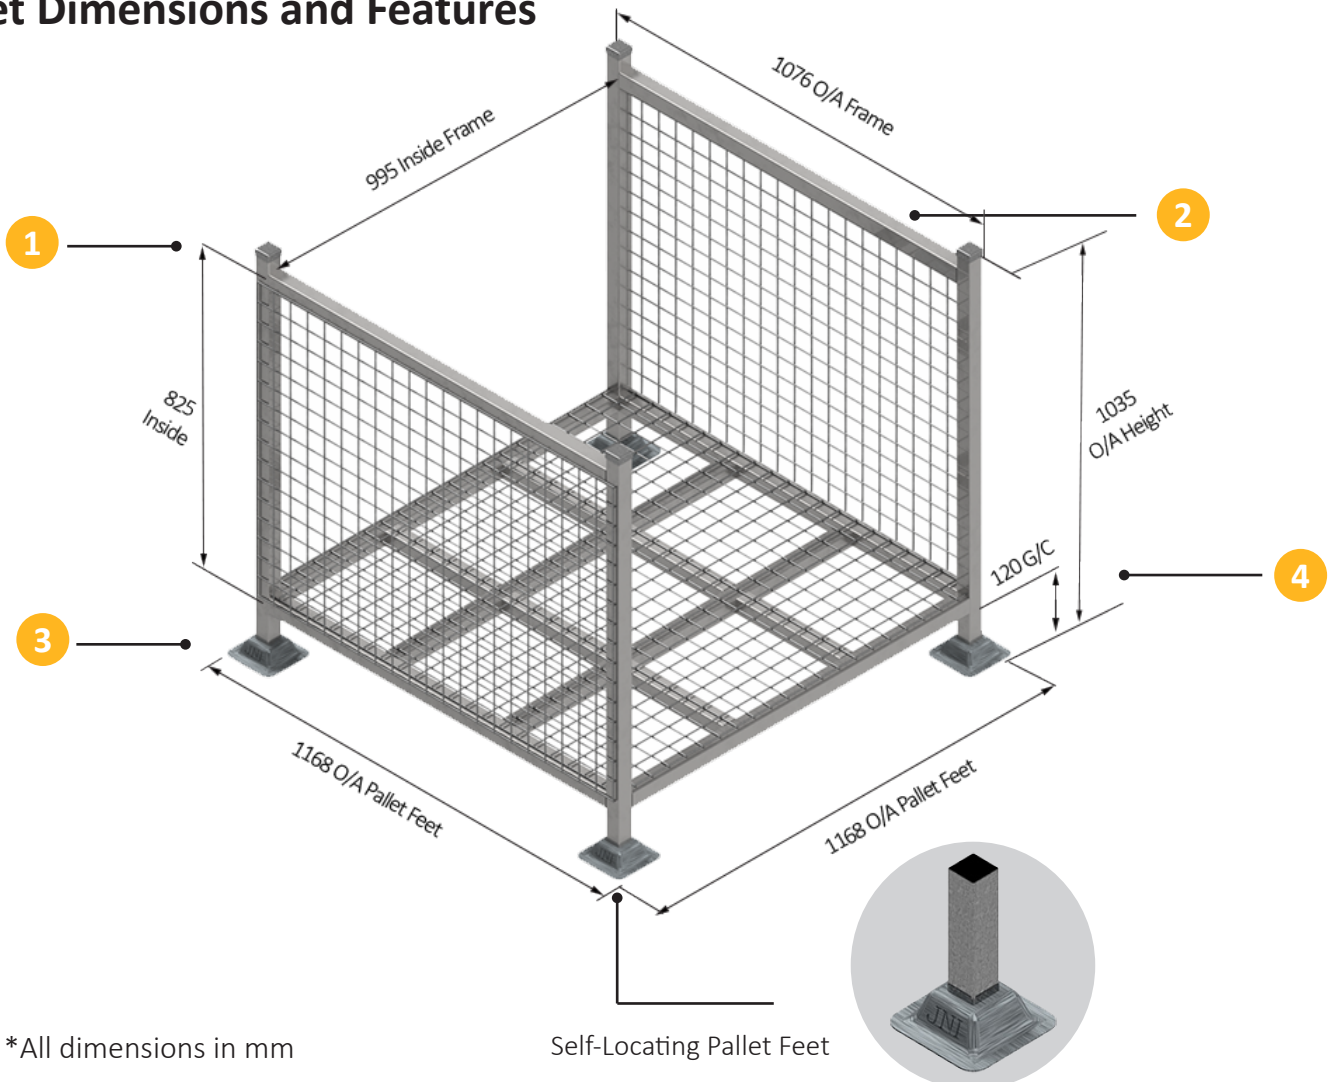

The Series 90 Pallet Range provides an array of options for your unique storage needs, whether you require a simple stillage or the added security and ease of access with mesh, sheet, or customisable gates. All Series 90 Pallets are stackable with each other using self-locating pallet feet, corrosion-resistant with pre-galvanised parts and protected welds, and designed to maximise space efficiency in transit.

Technical Specifications

- 1 4 post stillage with horizontal top bar front to rear
- 2 Base and sides clad with 50 x 50 x 4.0mm mesh
- 3 Lightweight - Unit Weight of 37kg
- 4 120mm Ground Clearance for easy forklift access

Pallet Dimensions and Features

SERIES 90 PALLET RANGE

Model B-202

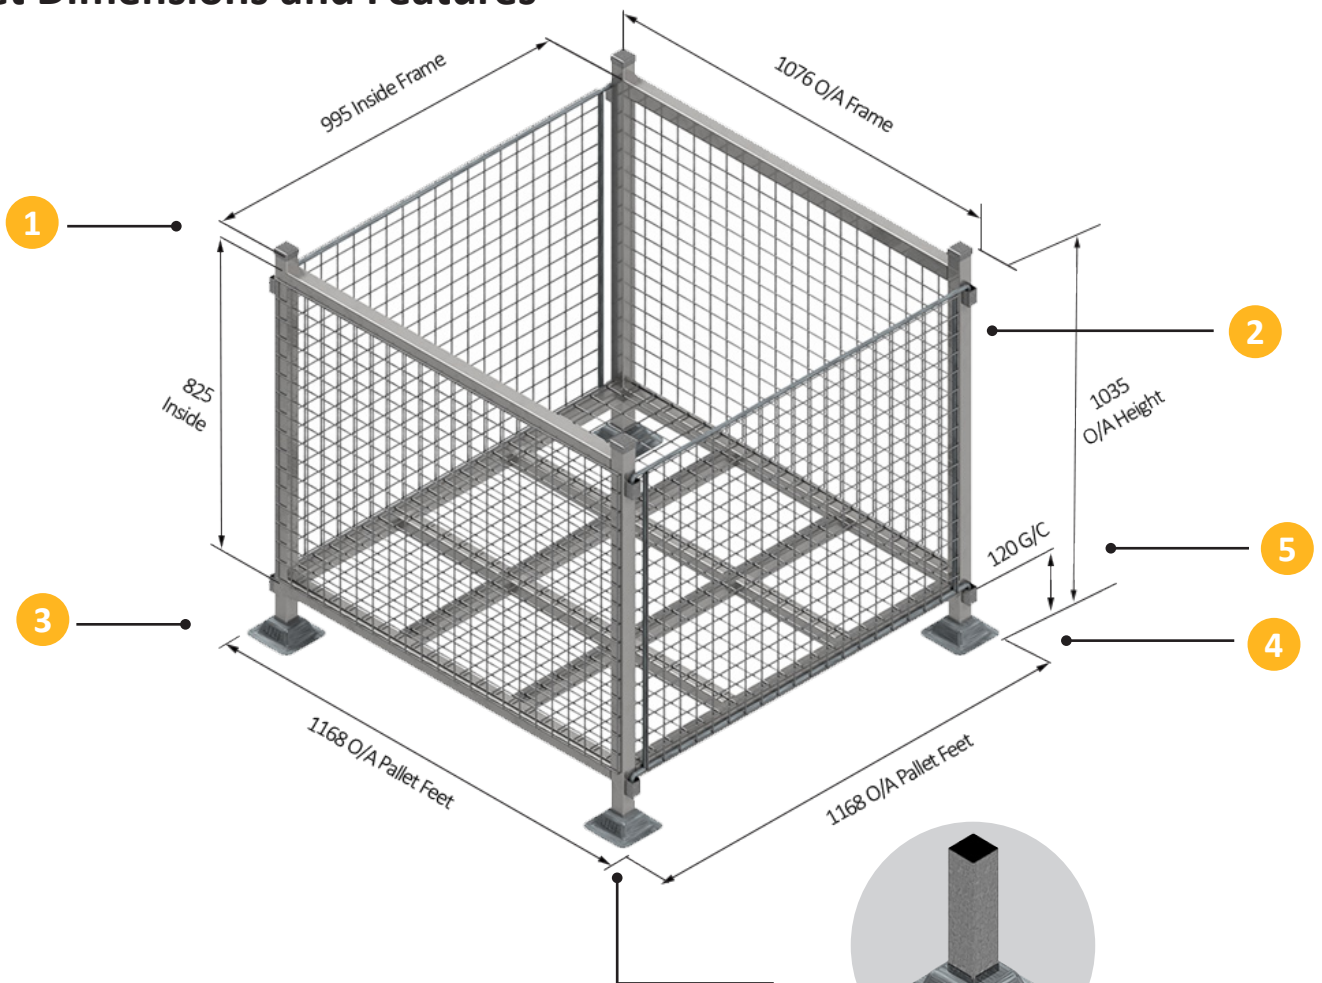

The Series 90 Pallet Range provides an array of options for your unique storage needs, whether you require a simple stillage or the added security and ease of access with mesh, sheet, or customisable gates. All Series 90 Pallets are stackable with each other using self-locating pallet feet, corrosion-resistant with pre-galvanised parts and protected welds, and designed to maximise space efficiency in transit.

Technical Specifications

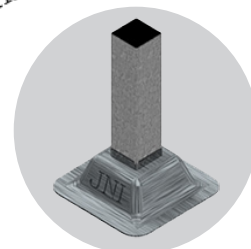

- 1 4 post stillage with horizontal top bar front to rear
- 2 Pallet cage with rear removable gates
- 3 Sides, base and gate clad with 50 x 50 x 4.0mm mesh
- 4 Lightweight - Unit Weight of 50kg
- 5 120mm Ground Clearance for easy forklift access

Pallet Dimensions and Features

*All dimensions in mm

Self-Locating Pallet Feet

SERIES 90 PALLET RANGE

Model B-203

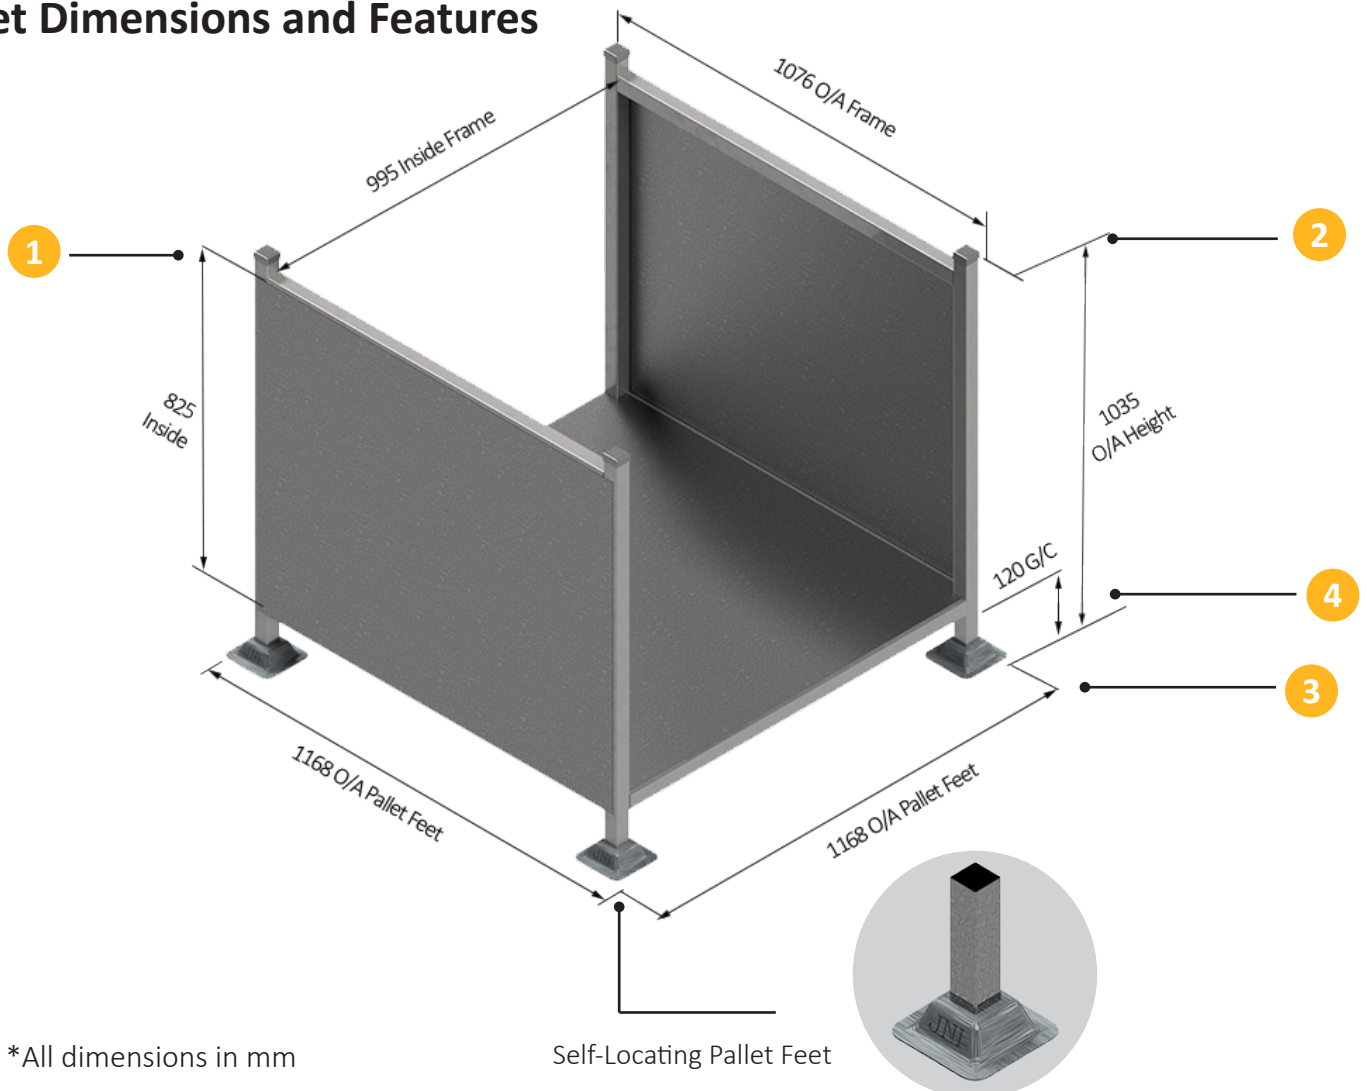

The Series 90 Pallet Range provides an array of options for your unique storage needs, whether you require a simple stillage or the added security and ease of access with mesh, sheet, or customisable gates. All Series 90 Pallets are stackable with each other using self-locating pallet feet, corrosion-resistant with pre-galvanised parts and protected welds, and designed to maximise space efficiency in transit.

Technical Specifications

- 1 4 post stillage with horizontal top bar front to rear
- 2 Base and sides clad with 1.2mm sheet
- 3 Lightweight - Unit Weight of 54kg
- 4 120mm Ground Clearance for easy forklift access

Pallet Dimensions and Features

SERIES 90 PALLET RANGE

Model B-204

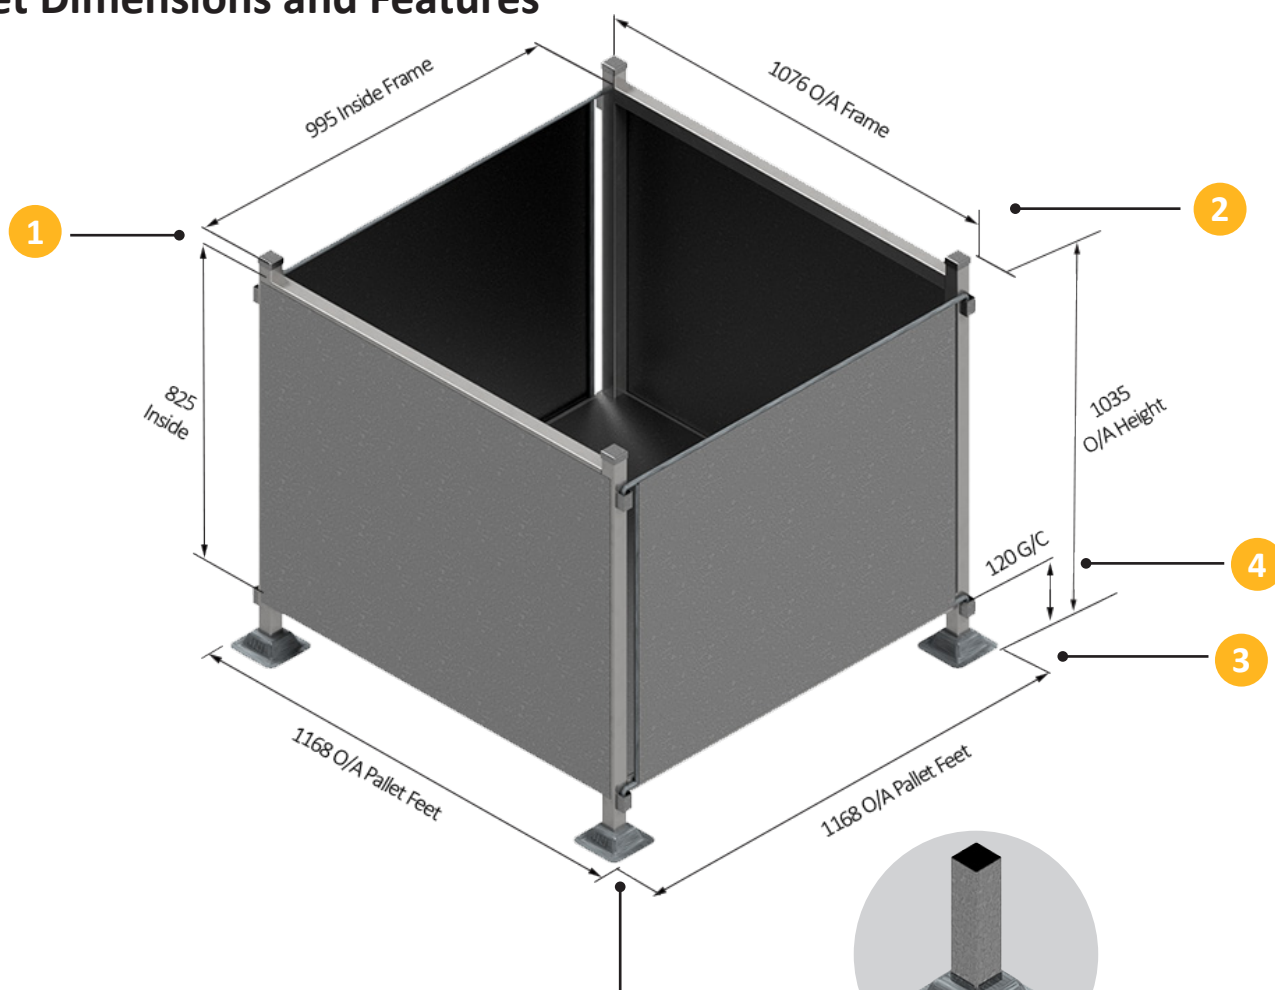

The Series 90 Pallet Range provides an array of options for your unique storage needs, whether you require a simple stillage or the added security and ease of access with mesh, sheet, or customisable gates. All Series 90 Pallets are stackable with each other using self-locating pallet feet, corrosion-resistant with pre-galvanised parts and protected welds, and designed to maximise space efficiency in transit.

Technical Specifications

- 1 Pallet cage with front and rear removable gates
- 2 Base and sides clad with 1.2mm sheet
- 3 Lightweight - Unit Weight of 81kg
- 4 120mm Ground Clearance for easy forklift access

Pallet Dimensions and Features

*All dimensions in mm

Self-Locating Pallet Feet

SERIES 90 PALLET RANGE

Model C-301

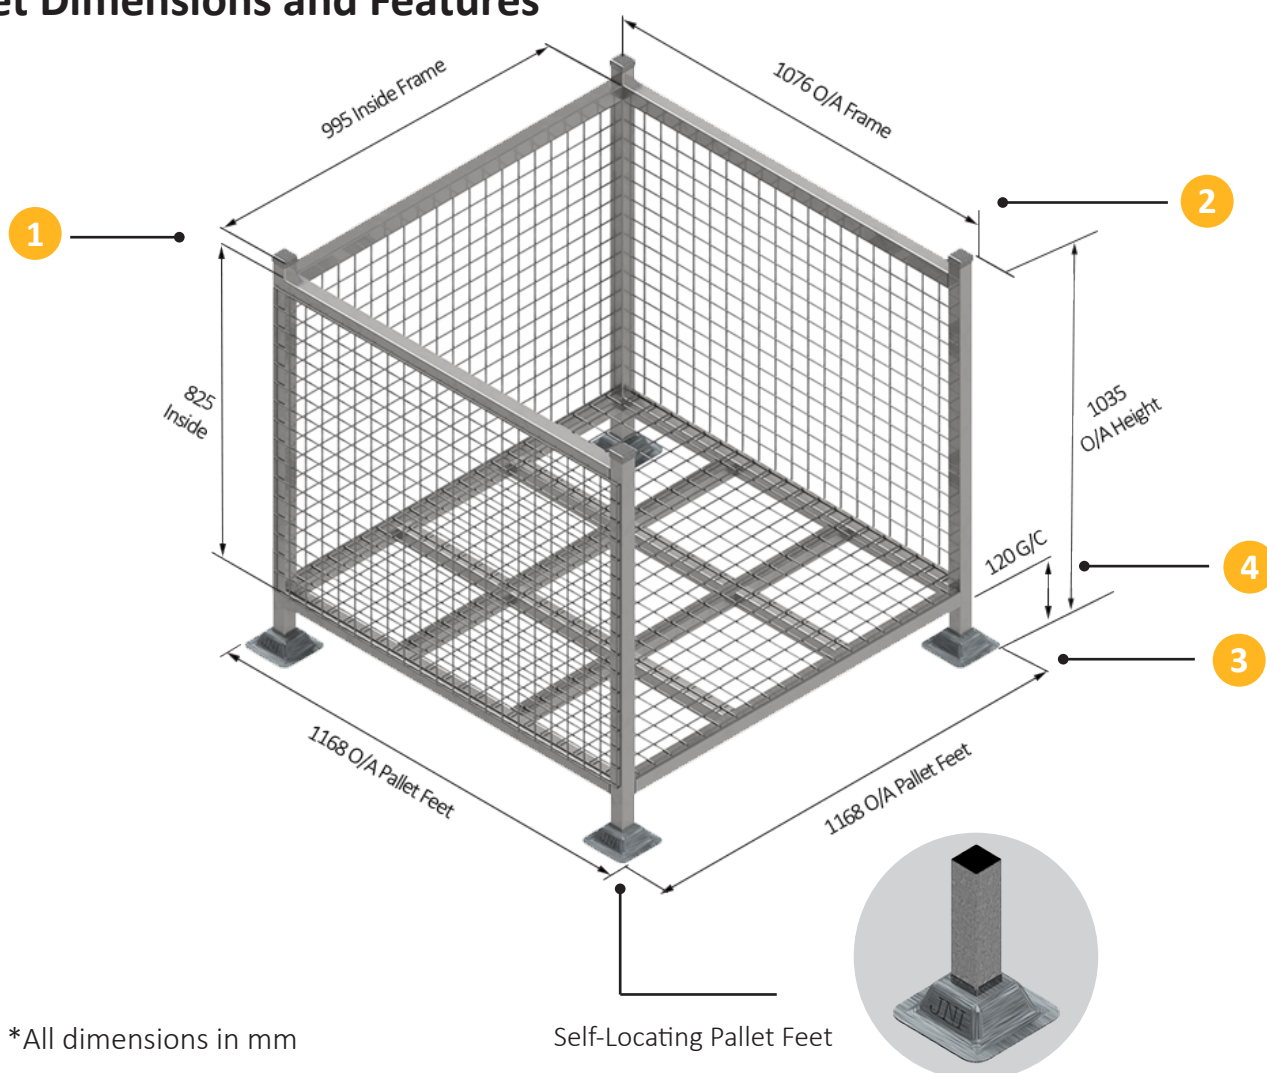

The Series 90 Pallet Range provides an array of options for your unique storage needs, whether you require a simple stillage or the added security and ease of access with mesh, sheet, or customisable gates. All Series 90 Pallets are stackable with each other using self-locating pallet feet, corrosion-resistant with pre-galvanised parts and protected welds, and designed to maximise space efficiency in transit.

Technical Specifications

- 1 Pallet cage with open front
- 2 Base and sides clad with 50 x 50 x 4.0mm mesh
- 3 Lightweight - Unit Weight of 42kg
- 4 120mm Ground Clearance for easy forklift access

Pallet Dimensions and Features

SERIES 90 PALLET RANGE

Model C-302

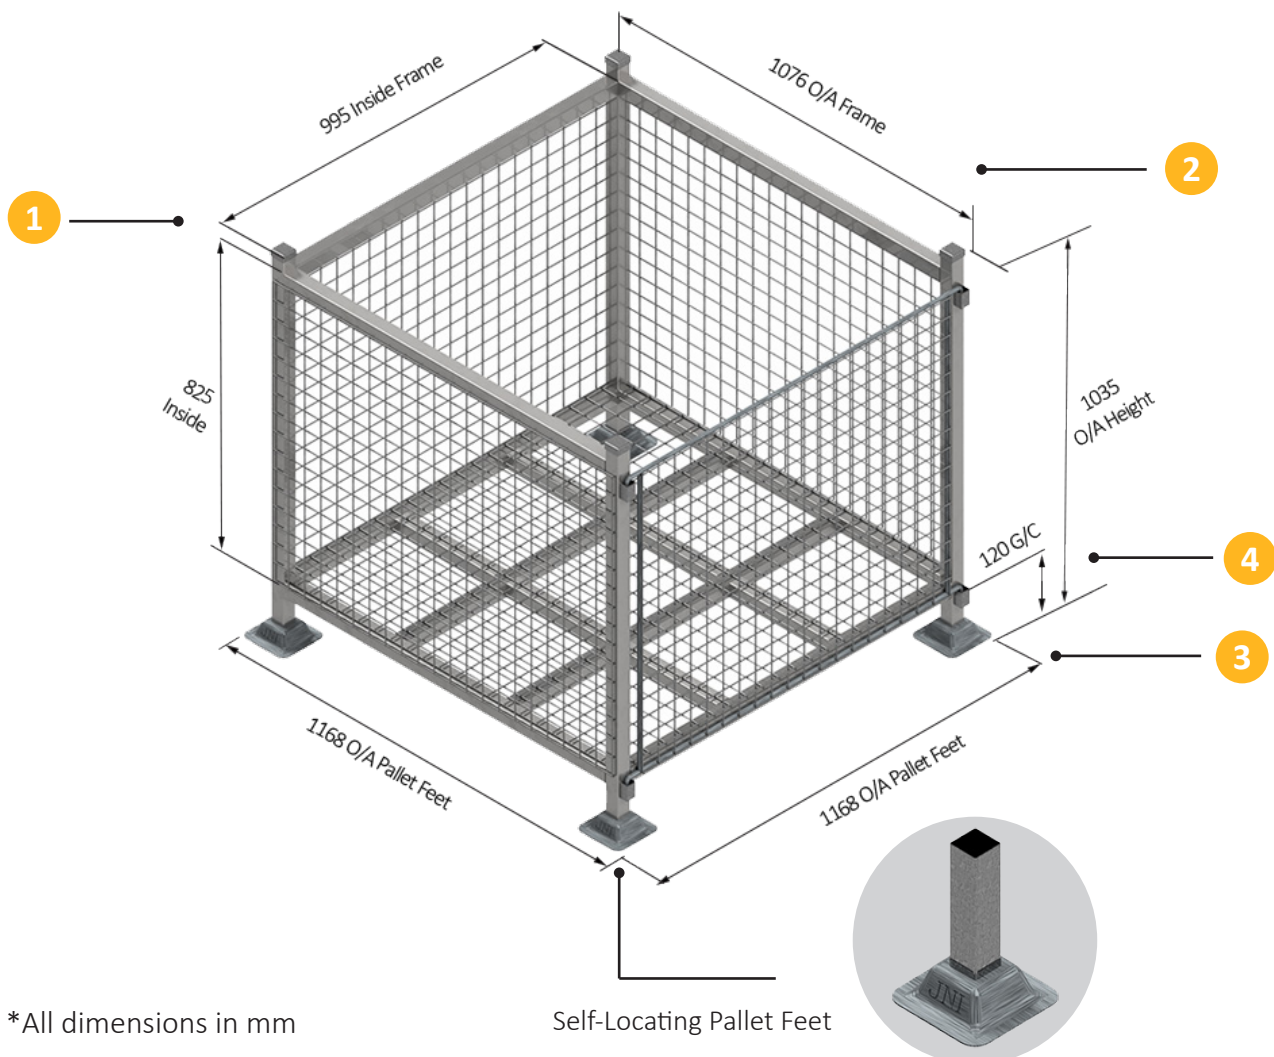

The Series 90 Pallet Range provides an array of options for your unique storage needs, whether you require a simple stillage or the added security and ease of access with mesh, sheet, or customisable gates. All Series 90 Pallets are stackable with each other using self-locating pallet feet, corrosion-resistant with pre-galvanised parts and protected welds, and designed to maximise space efficiency in transit.

Technical Specifications

- 1 Pallet cage with fully removable front gate
- 2 Base and sides clad with 50 x 50 x 4.0mm mesh
- 3 Lightweight - Unit Weight of 48kg
- 4 120mm Ground Clearance for easy forklift access

Pallet Dimensions and Features

SERIES 90 PALLET RANGE

Model C-303

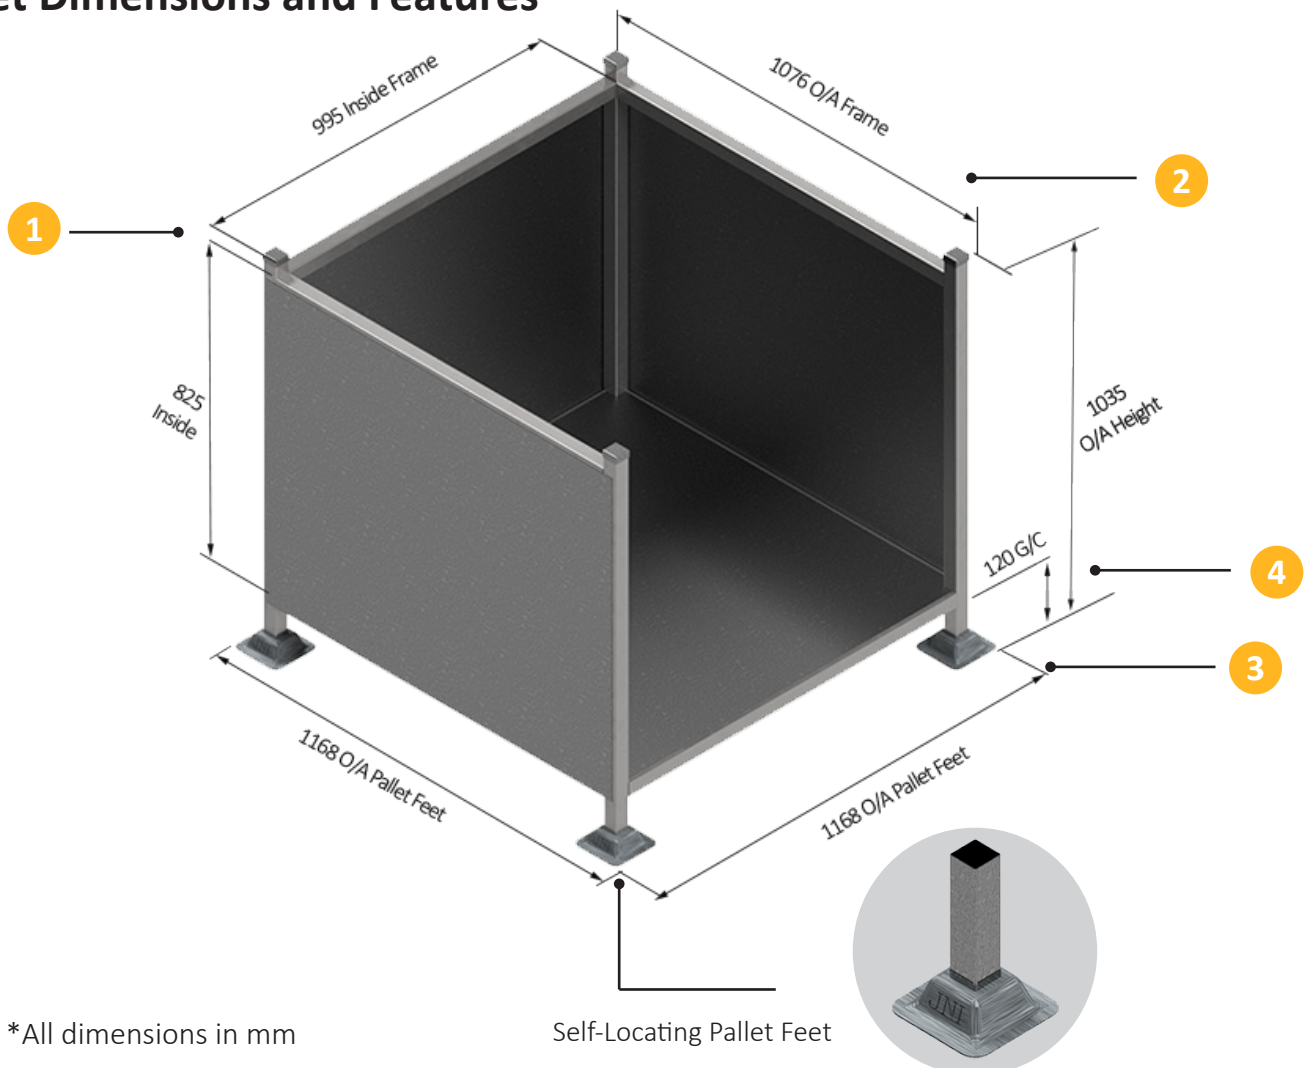

The Series 90 Pallet Range provides an array of options for your unique storage needs, whether you require a simple stillage or the added security and ease of access with mesh, sheet, or customisable gates. All Series 90 Pallets are stackable with each other using self-locating pallet feet, corrosion-resistant with pre-galvanised parts and protected welds, and designed to maximise space efficiency in transit.

Technical Specifications

- 1 Pallet cage with open front
- 2 Base and sides clad with 1.2mm sheet
- 3 Lightweight - Unit Weight of 64kg
- 4 120mm Ground Clearance for easy forklift access

Pallet Dimensions and Features

SERIES 90 PALLET RANGE

Model C-304

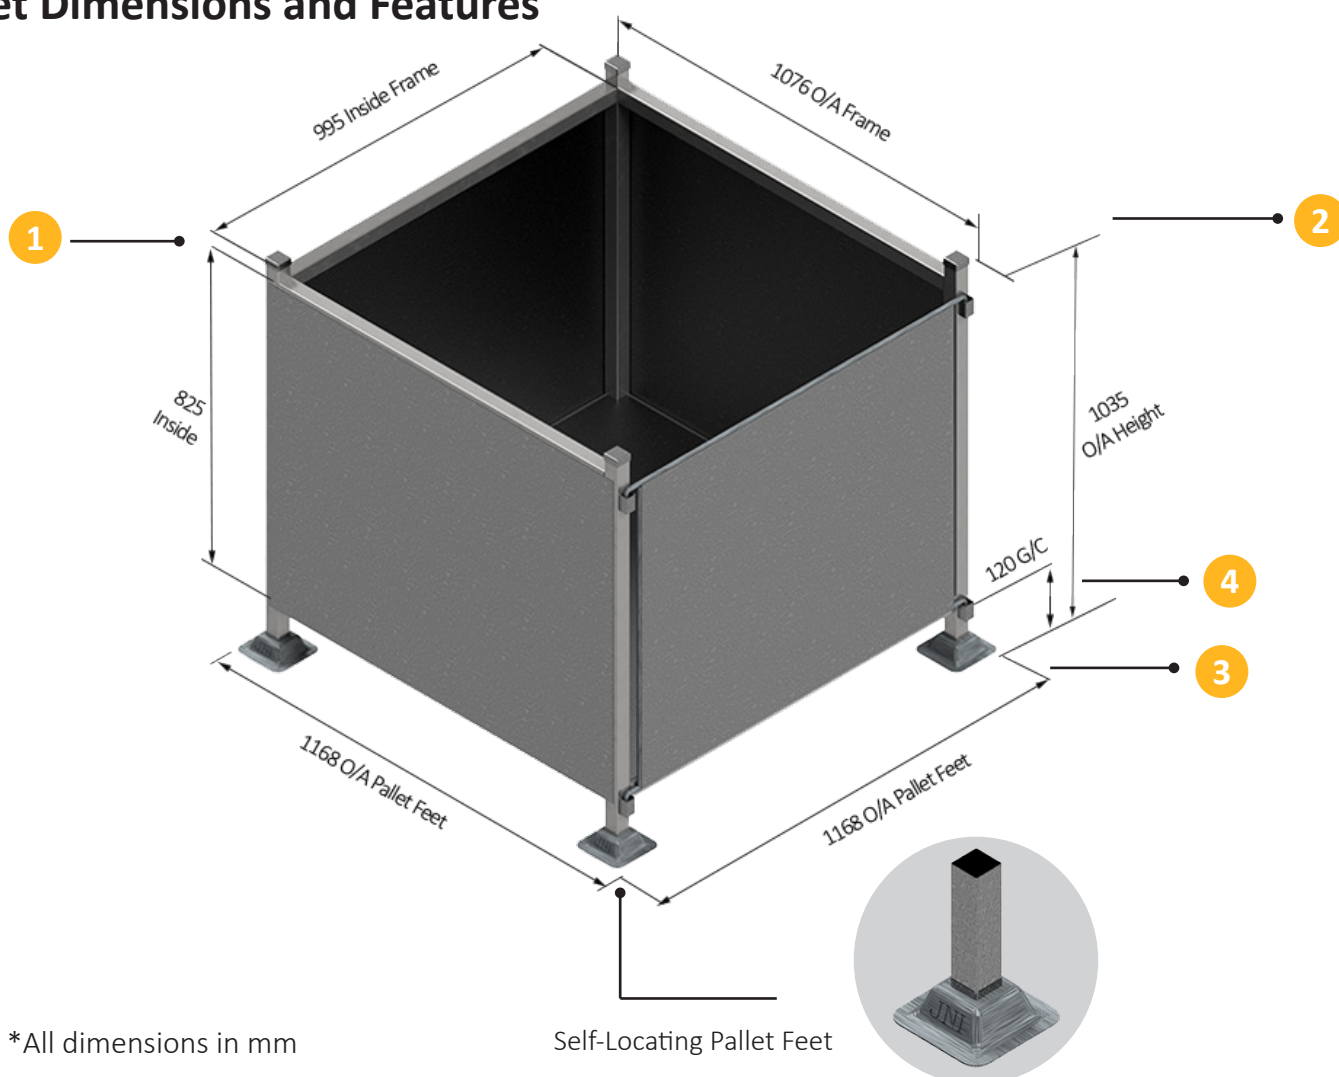

The Series 90 Pallet Range provides an array of options for your unique storage needs, whether you require a simple stillage or the added security and ease of access with mesh, sheet, or customisable gates. All Series 90 Pallets are stackable with each other using self-locating pallet feet, corrosion-resistant with pre-galvanised parts and protected welds, and designed to maximise space efficiency in transit.

Technical Specifications

- 1 Pallet cage with fully removable front gate
- 2 Base and sides clad with 1.2mm sheet
- 3 Lightweight - Unit Weight of 86kg
- 4 120mm Ground Clearance for easy forklift access

Pallet Dimensions and Features

SERIES 90 PALLET RANGE

Model D-401

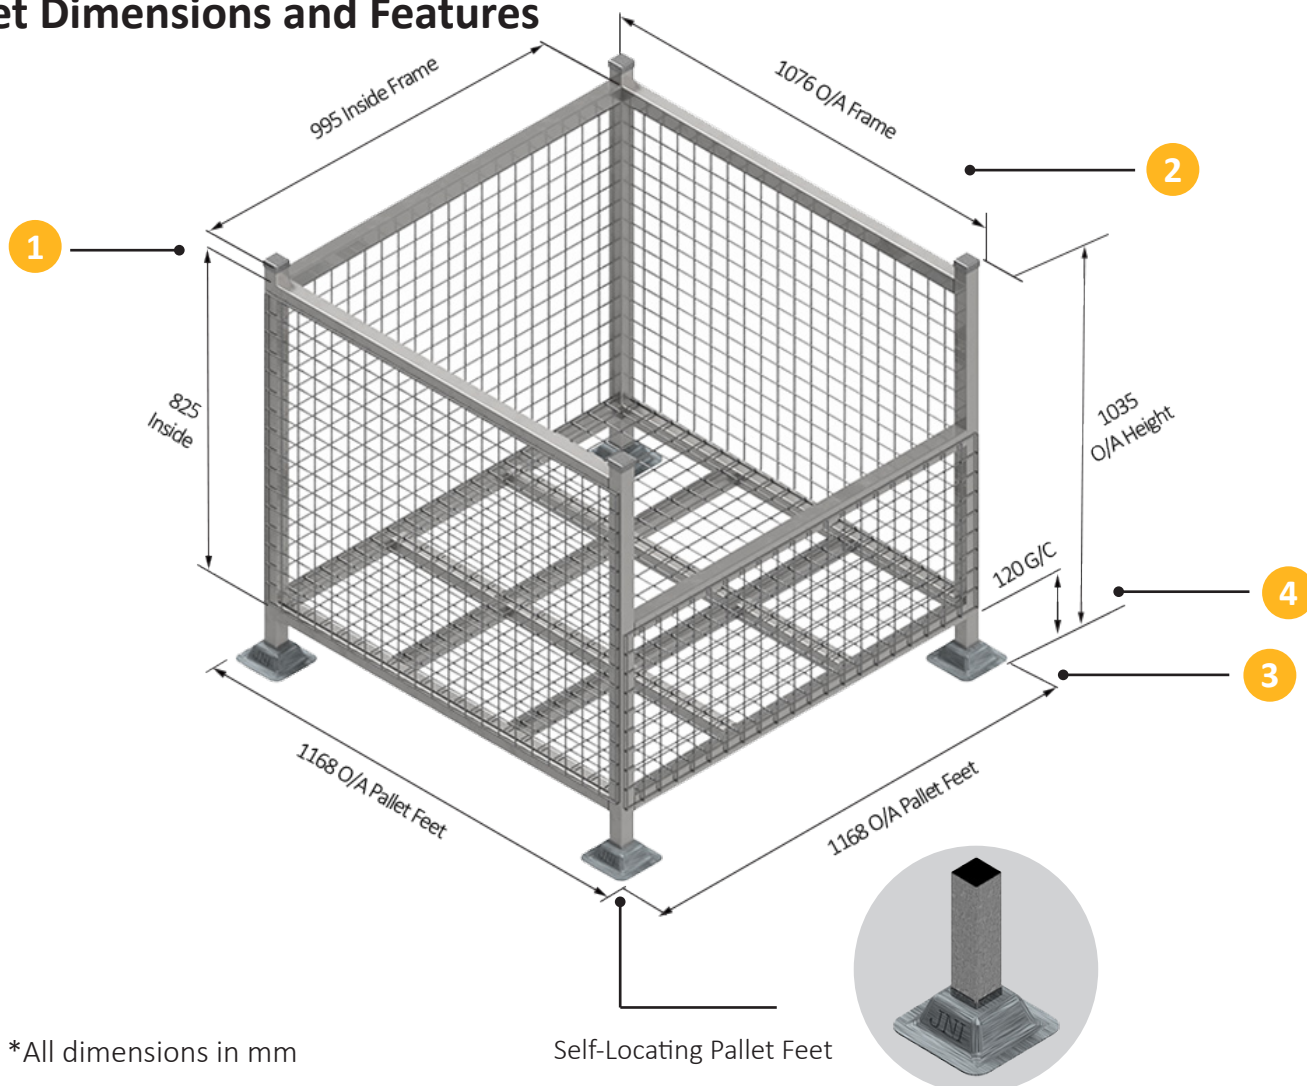

The Series 90 Pallet Range provides an array of options for your unique storage needs, whether you require a simple stillage or the added security and ease of access with mesh, sheet, or customisable gates. All Series 90 Pallets are stackable with each other using self-locating pallet feet, corrosion-resistant with pre-galvanised parts and protected welds, and designed to maximise space efficiency in transit.

Technical Specifications

- 1 Pallet cage with fixed half-front
- 2 Base and sides clad with 50 x 50 x 4.0mm mesh
- 3 Lightweight - Unit Weight of 46kg
- 4 120mm Ground Clearance for easy forklift access

Pallet Dimensions and Features

SERIES 90 PALLET RANGE

Model D-402

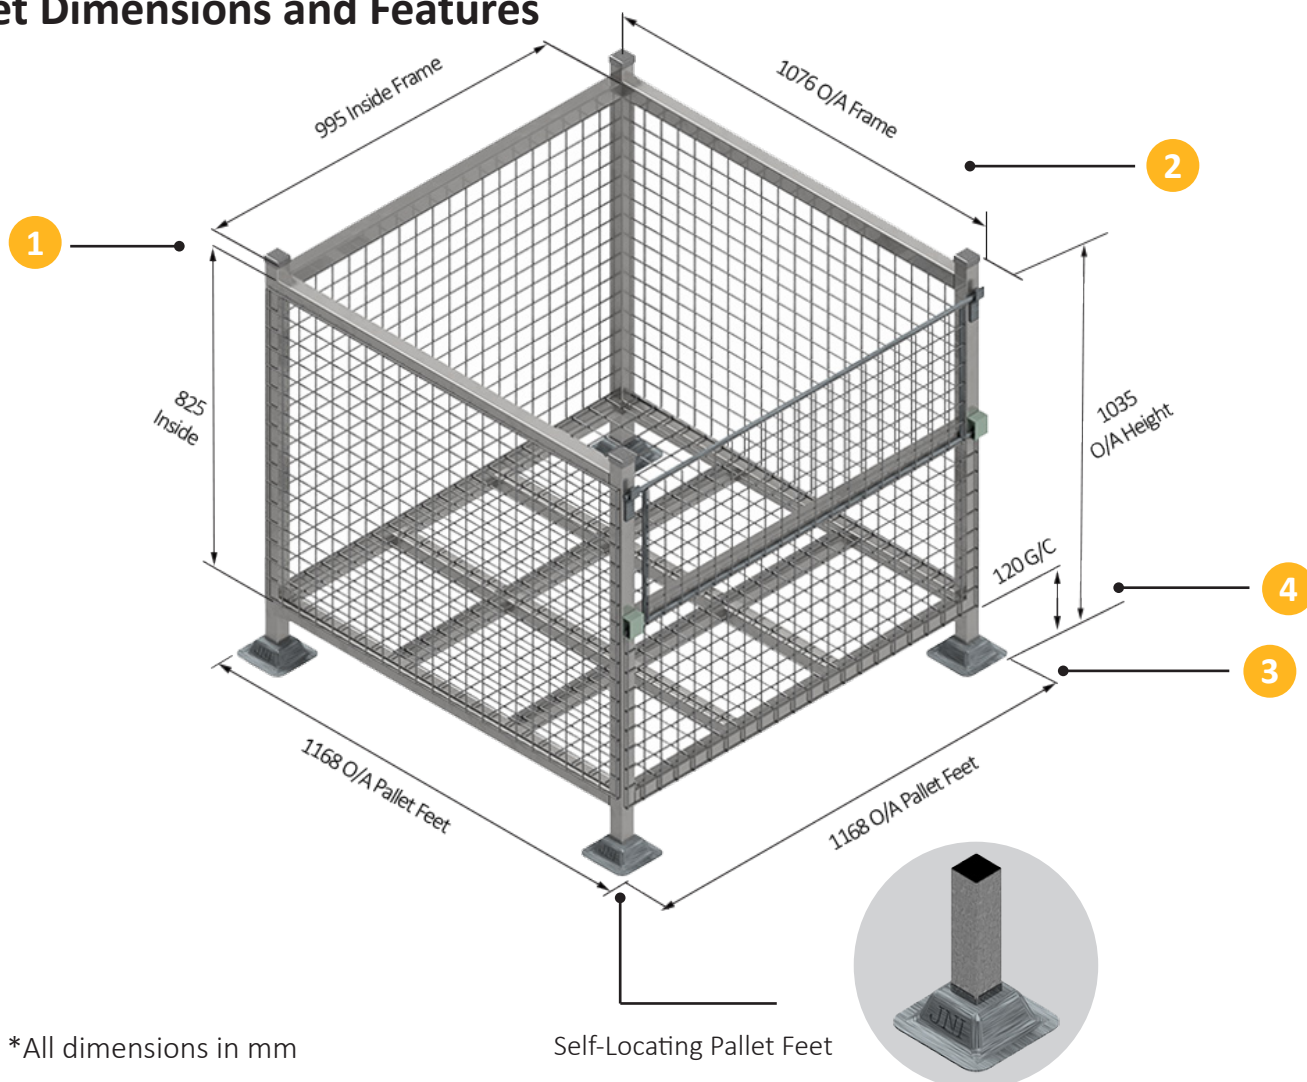

The Series 90 Pallet Range provides an array of options for your unique storage needs, whether you require a simple stillage or the added security and ease of access with mesh, sheet, or customisable gates. All Series 90 Pallets are stackable with each other using self-locating pallet feet, corrosion-resistant with pre-galvanised parts and protected welds, and designed to maximise space efficiency in transit.

Technical Specifications

- 1 Pallet cage with half-drop non-removable gate
- 2 Base and sides clad with 50 x 50 x 4.0mm mesh
- 3 Lightweight - Unit Weight of 50kg
- 4 120mm Ground Clearance for easy forklift access

Pallet Dimensions and Features

SERIES 90 PALLET RANGE

Model D-403

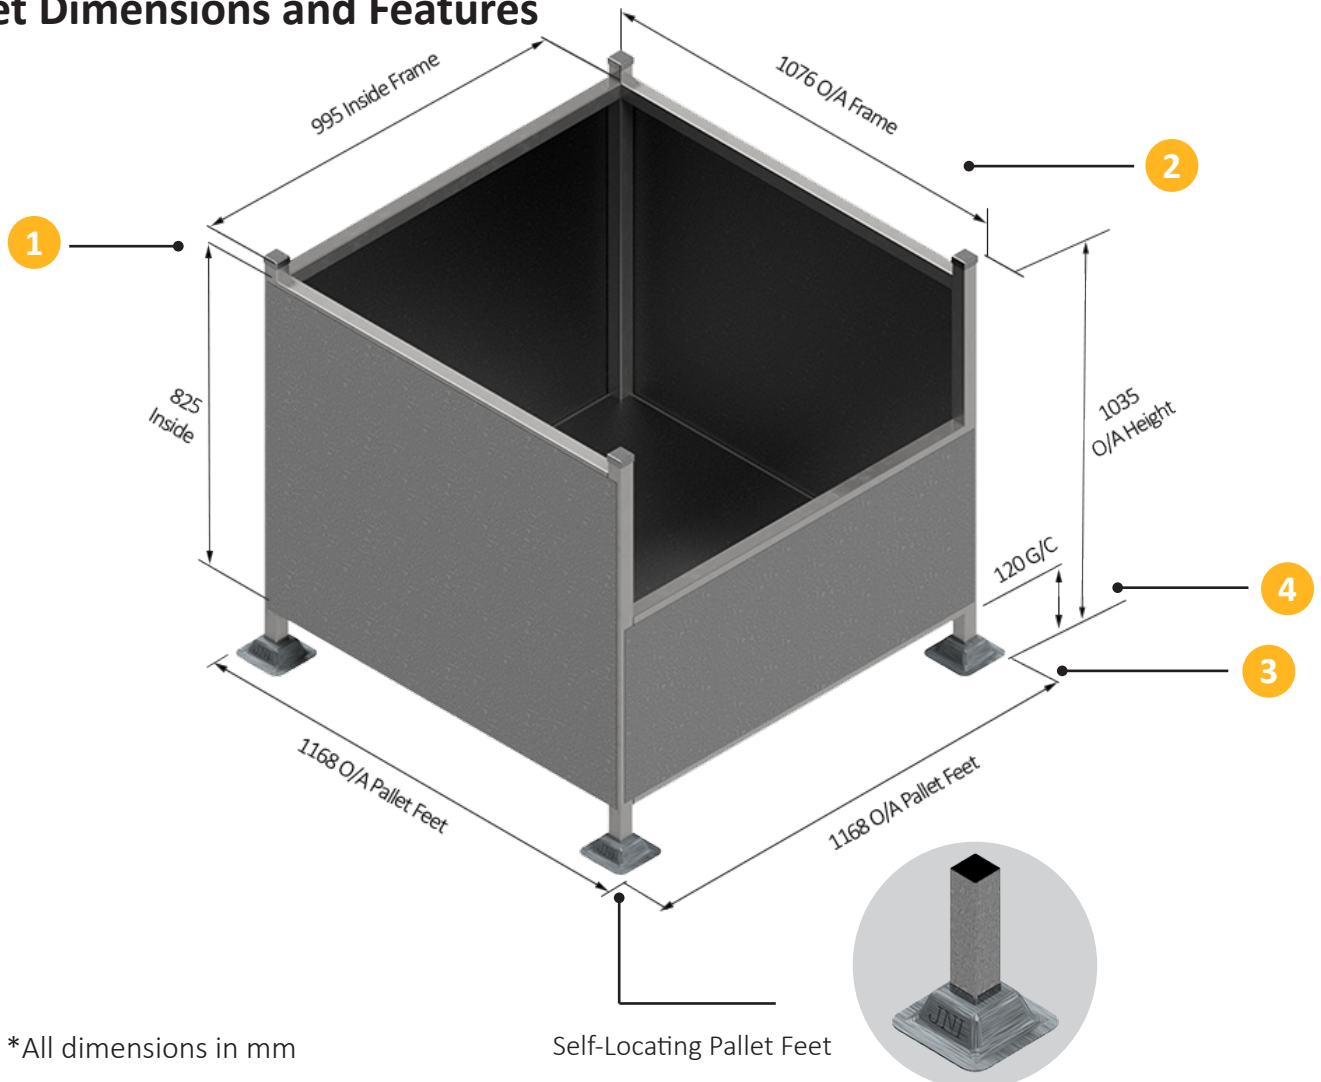

The Series 90 Pallet Range provides an array of options for your unique storage needs, whether you require a simple stillage or the added security and ease of access with mesh, sheet, or customisable gates. All Series 90 Pallets are stackable with each other using self-locating pallet feet, corrosion-resistant with pre-galvanised parts and protected welds, and designed to maximise space efficiency in transit.

Technical Specifications

- 1 Pallet cage with fixed half-front
- 2 Base and sides clad with 1.2mm sheet
- 3 Lightweight - Unit Weight of 70kg
- 4 120mm Ground Clearance for easy forklift access

Pallet Dimensions and Features

SERIES 90 PALLET RANGE

Model D-404

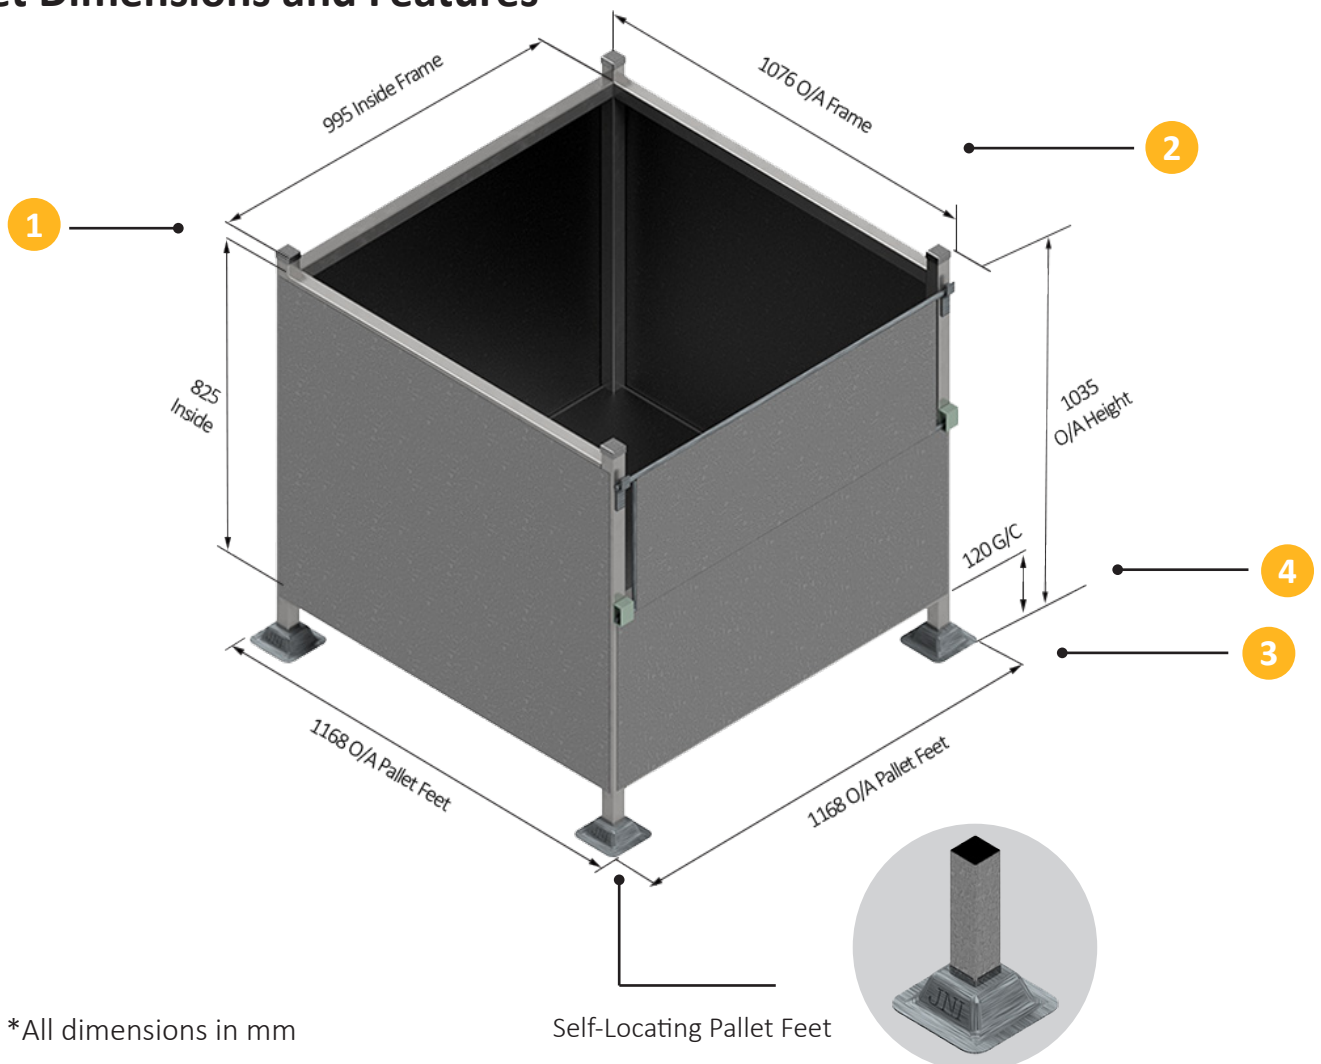

The Series 90 Pallet Range provides an array of options for your unique storage needs, whether you require a simple stillage or the added security and ease of access with mesh, sheet, or customisable gates. All Series 90 Pallets are stackable with each other using self-locating pallet feet, corrosion-resistant with pre-galvanised parts and protected welds, and designed to maximise space efficiency in transit.

Technical Specifications

- 1 Pallet cage with half-drop non-removable gate
- 2 Base and sides clad with 1.2mm sheet
- 3 Lightweight - Unit Weight of 76kg
- 4 120mm Ground Clearance for easy forklift access

Pallet Dimensions and Features

SERIES 90 PALLET RANGE

Model D-405

The Series 90 Pallet Range provides an array of options for your unique storage needs, whether you require a simple stillage or the added security and ease of access with mesh, sheet, or customisable gates. All Series 90 Pallets are stackable with each other using self-locating pallet feet, corrosion-resistant with pre-galvanised parts and protected welds, and designed to maximise space efficiency in transit.

Technical Specifications

- 1 Pallet cage with half-drop fully-removable front gate
- 2 Base and sides clad with 50 x 50 x 4.0mm mesh
- 3 Lightweight - Unit Weight of 50kg
- 4 120mm Ground Clearance for easy forklift access
