

# SERIES 90C PALLET RANGE

## Material Handling Systems

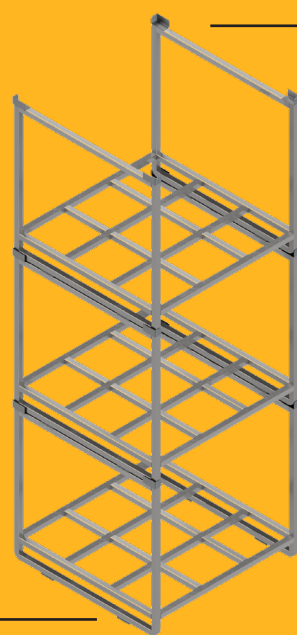

The Series 90C Pallet Range is proudly Australian made, owned and fully-certified with over 40 years of proven design and durability. They provide increased storage, added security, a safer working environment, less manual handling, and a more environmentally friendly method of commercial and warehouse storage.

Racking Cleats

Stacking Angles

Skids

### Key Features

#### Stackable

Can be stacked with other Series 90C Pallets fully loaded static at 4 pallets high using the stacking angles and skids.

#### Rackable

Can also be safely stored on existing racks using the provided racking cleats.

#### Transportable

Space-saving and cost-effective with pallets engineered to safely carry full load while stacked 2 high in freight.

#### Movable

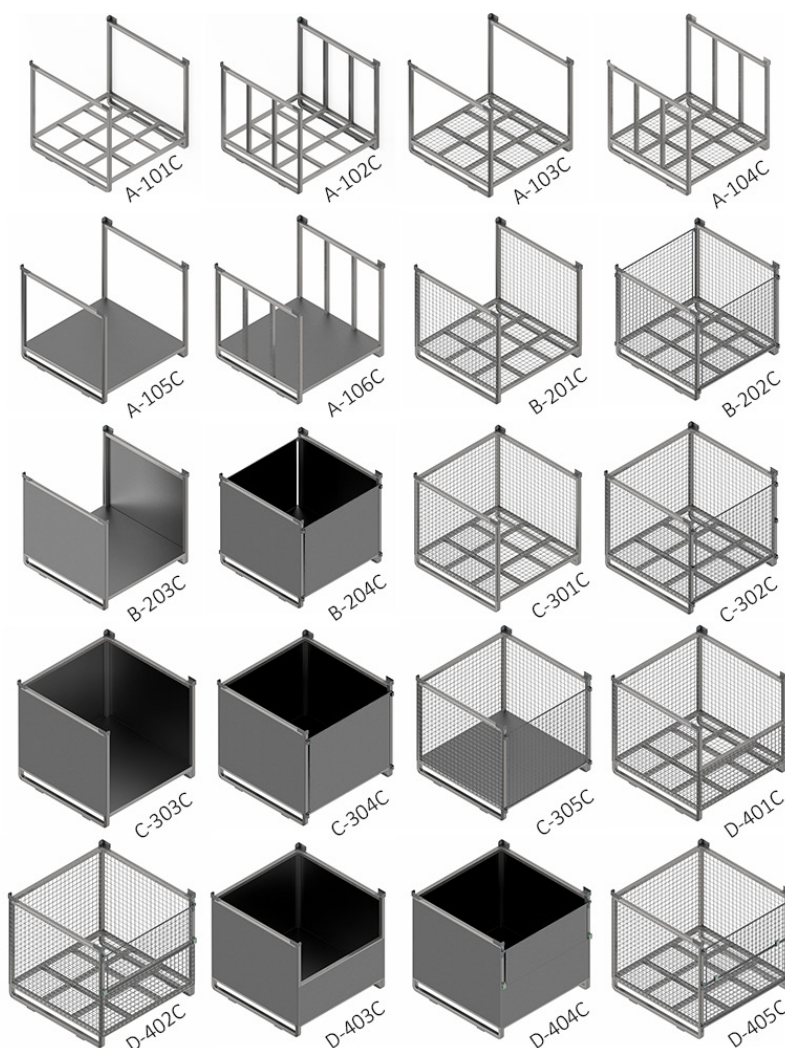

Easier access to goods and added flexibility for placement in warehouse with the ability to be moved with forklift.

#### Safe Working Load

Certified and Engineered to safely carry an evenly distributed 1000kg load.

### Series 90C Pallet Range

# SERIES 90C PALLET RANGE

## Model A-101-C

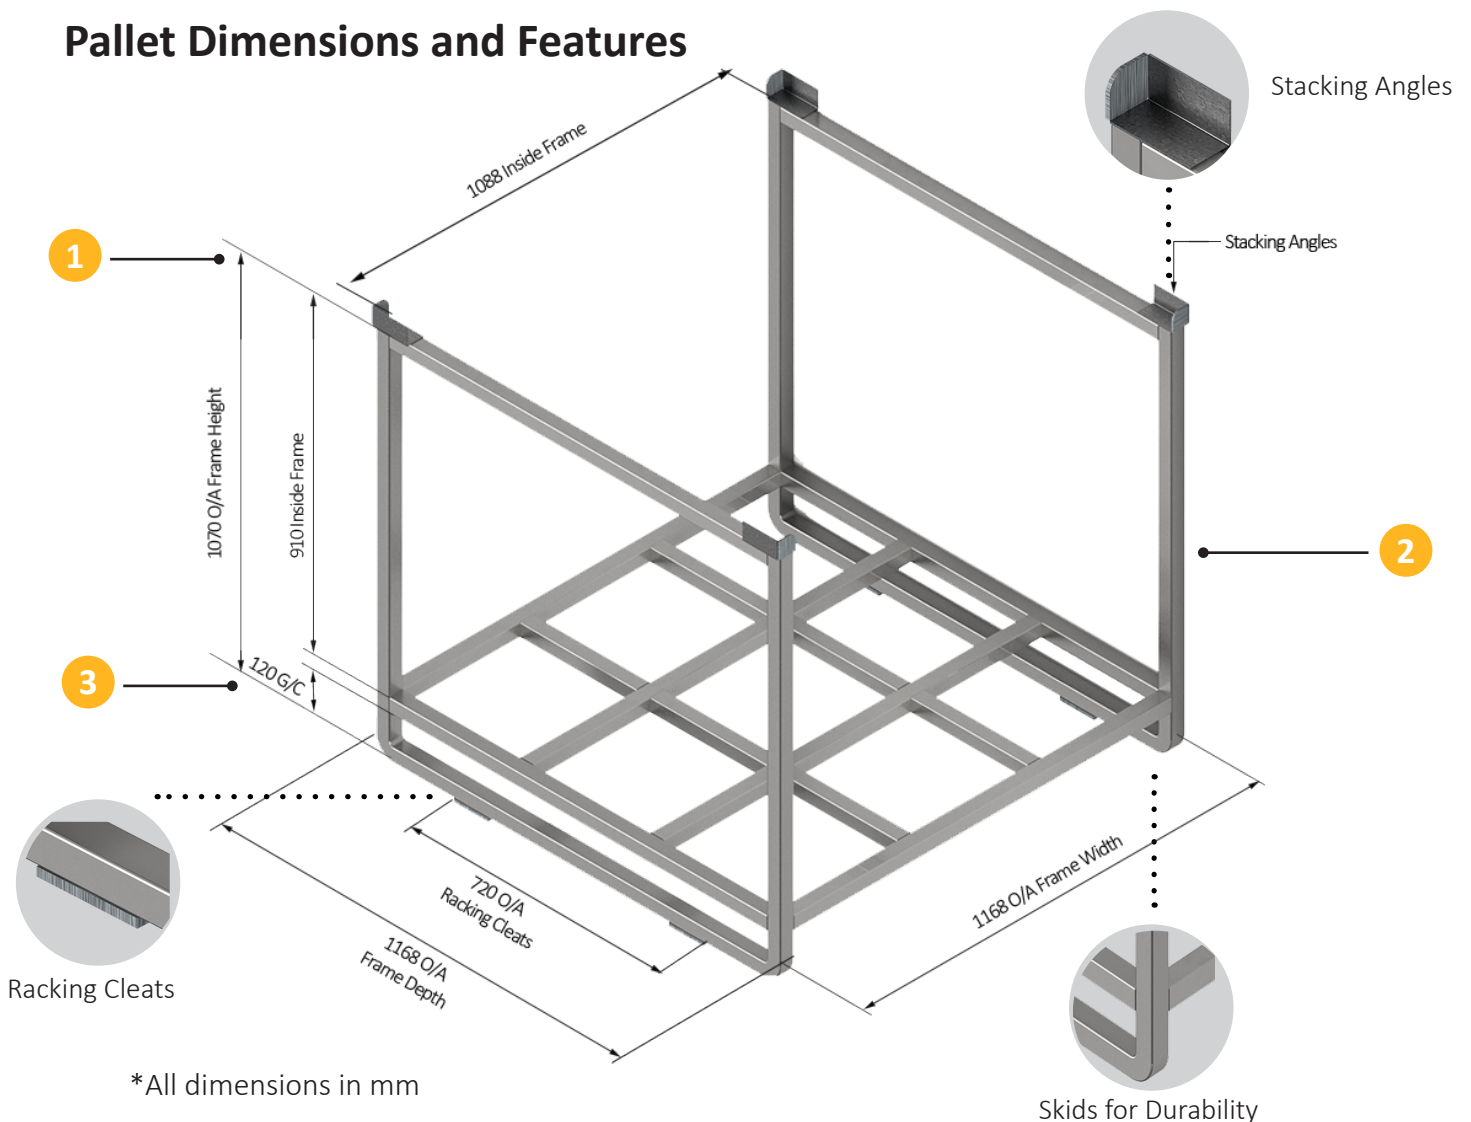

The Series 90C Pallet Range provides an array of options for your unique storage needs, whether you require a simple stillage or the added security and ease of access with mesh, sheet or customisable gates. All Series 90C Pallets are stackable and rackable with each other using skids, stacking angles and racking cleats, corrosion-resistant with pre-galvanised parts and protected welds, and designed to maximise space efficiency in transit.

### Technical Specifications

- 1 4 post stillage with horizontal top bar front to rear
- 2 Lightweight - Unit Weight of 34kg
- 3 120mm Ground Clearance for easy forklift access

### Pallet Dimensions and Features

# SERIES 90C PALLET RANGE

## Model A-102-C

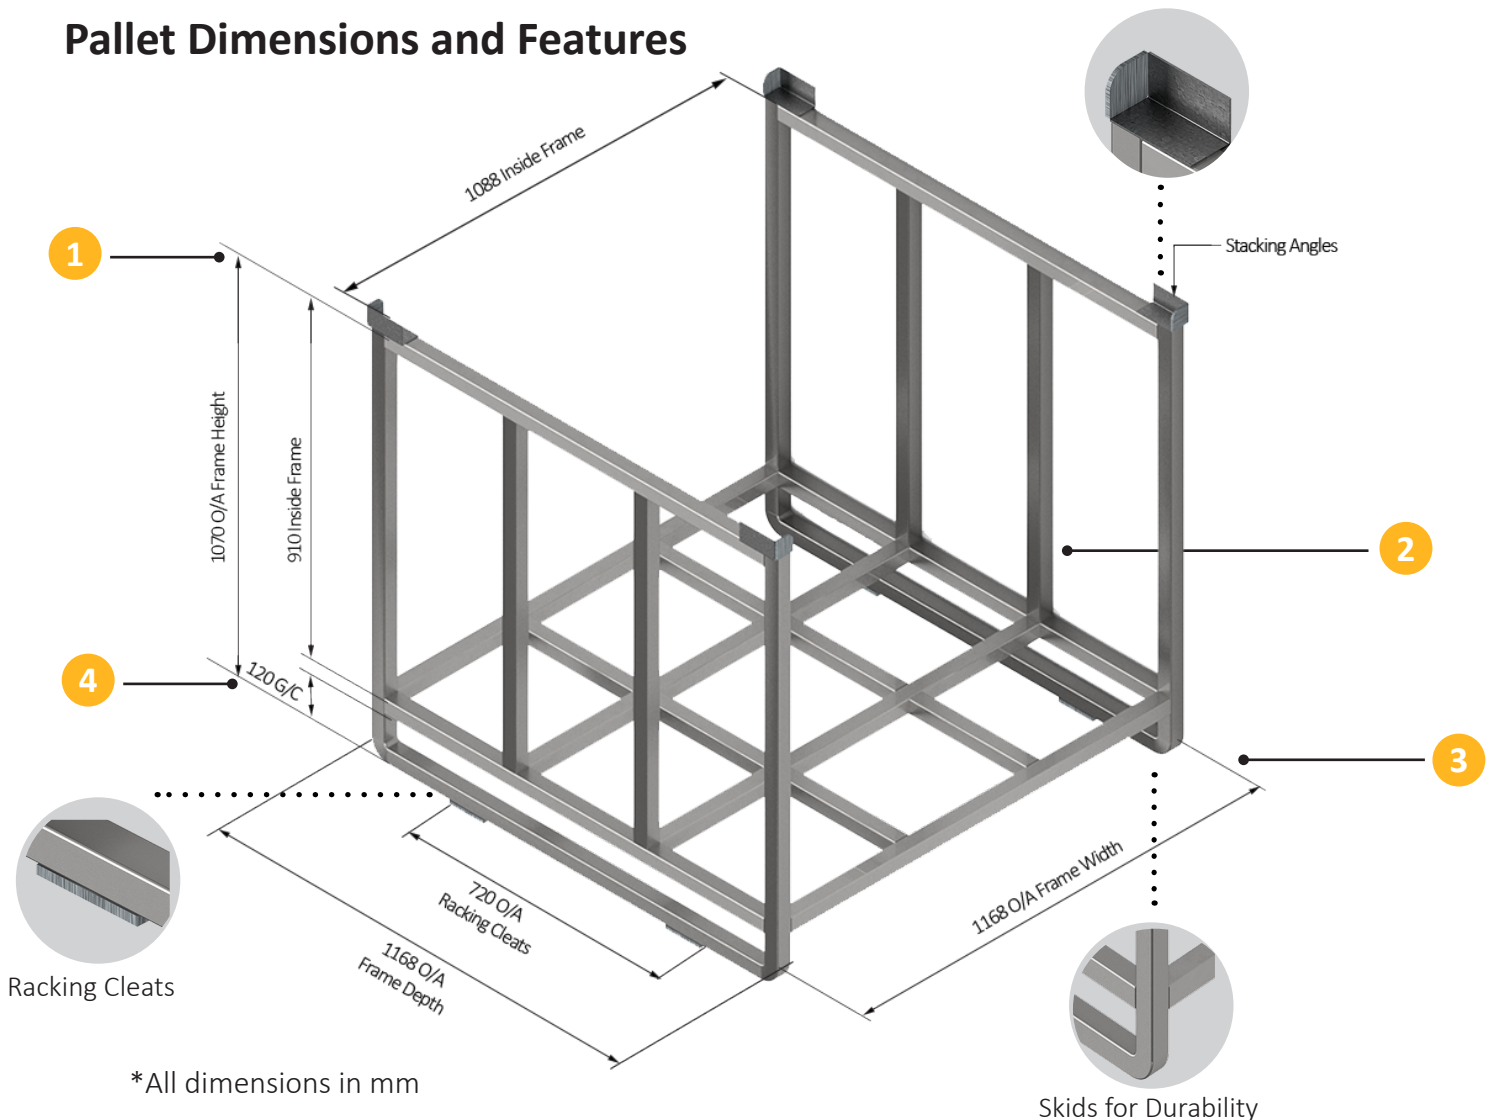

The Series 90C Pallet Range provides an array of options for your unique storage needs, whether you require a simple stillage or the added security and ease of access with mesh, sheet or customisable gates. All Series 90C Pallets are stackable and rackable with each other using skids, stacking angles and racking cleats, corrosion-resistant with pre-galvanised parts and protected welds, and designed to maximise space efficiency in transit.

### Technical Specifications

- |   |   |
|---|---|
| 1 | 4 post stillage with horizontal top bar front to rear |
| 2 | Additional side droppers to secure shorter lengths    |
| 3 | Lightweight - Unit Weight of 41kg                     |
| 4 | 120mm Ground Clearance for easy forklift access       |

### Pallet Dimensions and Features

# SERIES 90C PALLET RANGE

## Model A-103-C

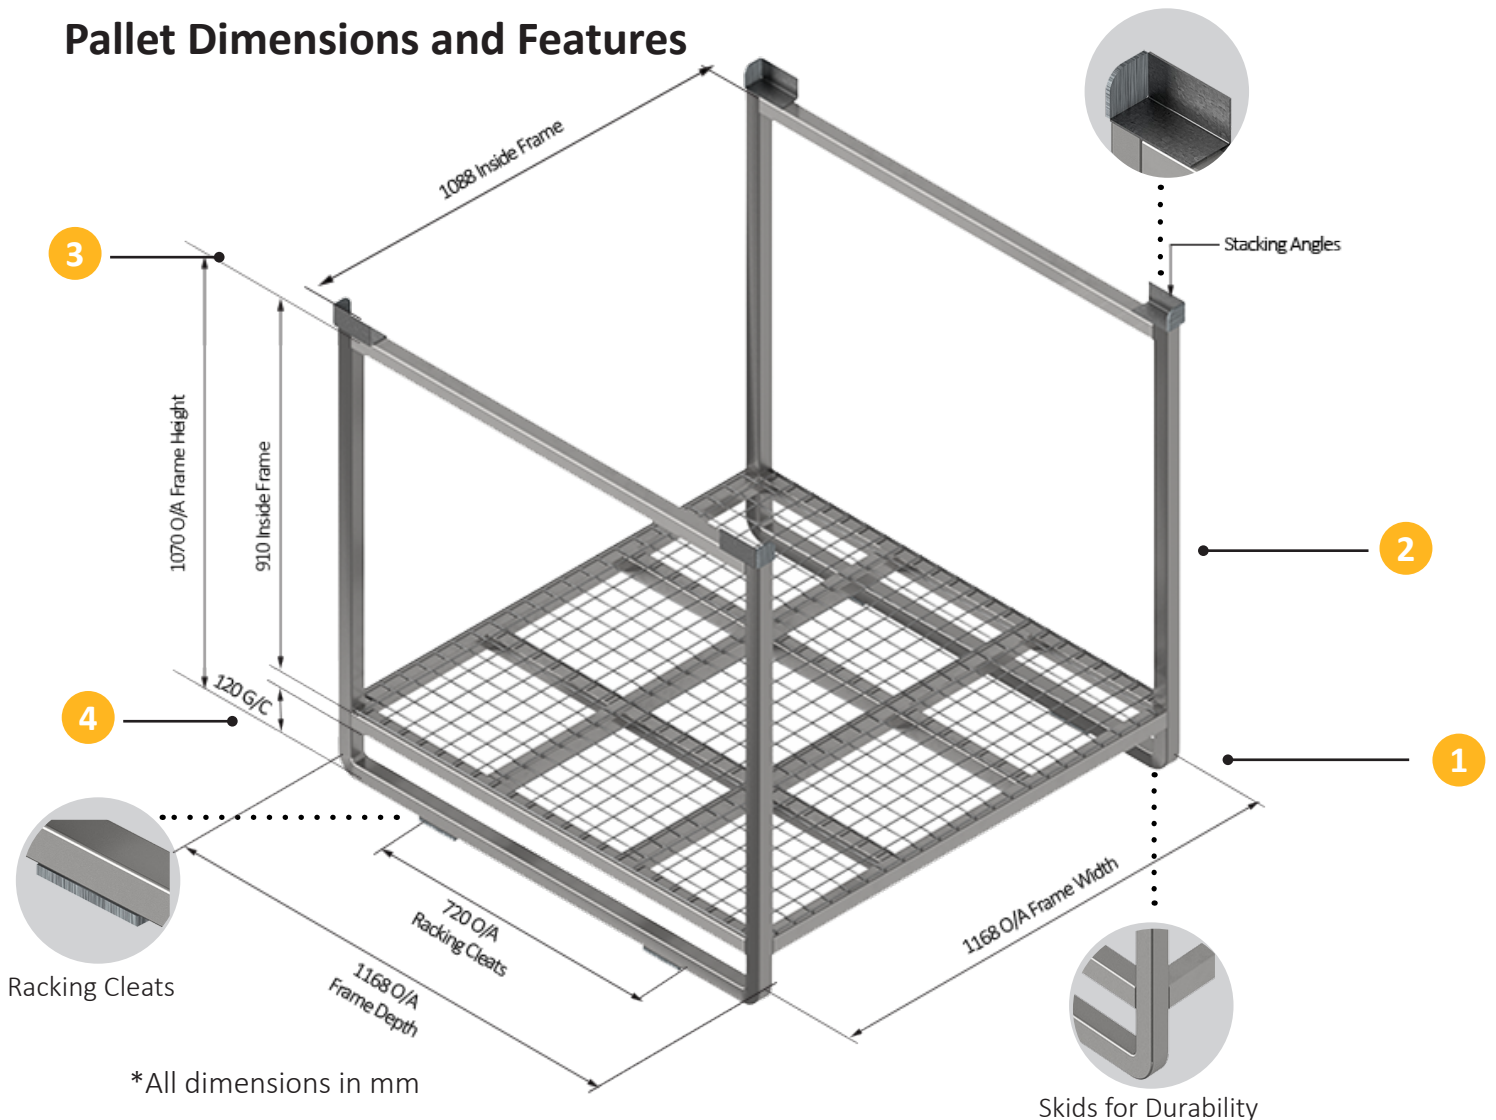

The Series 90C Pallet Range provides an array of options for your unique storage needs, whether you require a simple stillage or the added security and ease of access with mesh, sheet or customisable gates. All Series 90C Pallets are stackable and rackable with each other using skids, stacking angles and racking cleats, corrosion-resistant with pre-galvanised parts and protected welds, and designed to maximise space efficiency in transit.

### Technical Specifications

- |   |   |
|---|---|
| 1 | Base clad with 50 x 50 x 4.0mm mesh                   |
| 2 | 4 post stillage with horizontal top bar front to rear |
| 3 | Lightweight - Unit Weight of 38kg                     |
| 4 | 120mm Ground Clearance for easy forklift access       |

### Pallet Dimensions and Features

# SERIES 90C PALLET RANGE

## Model A-104-C

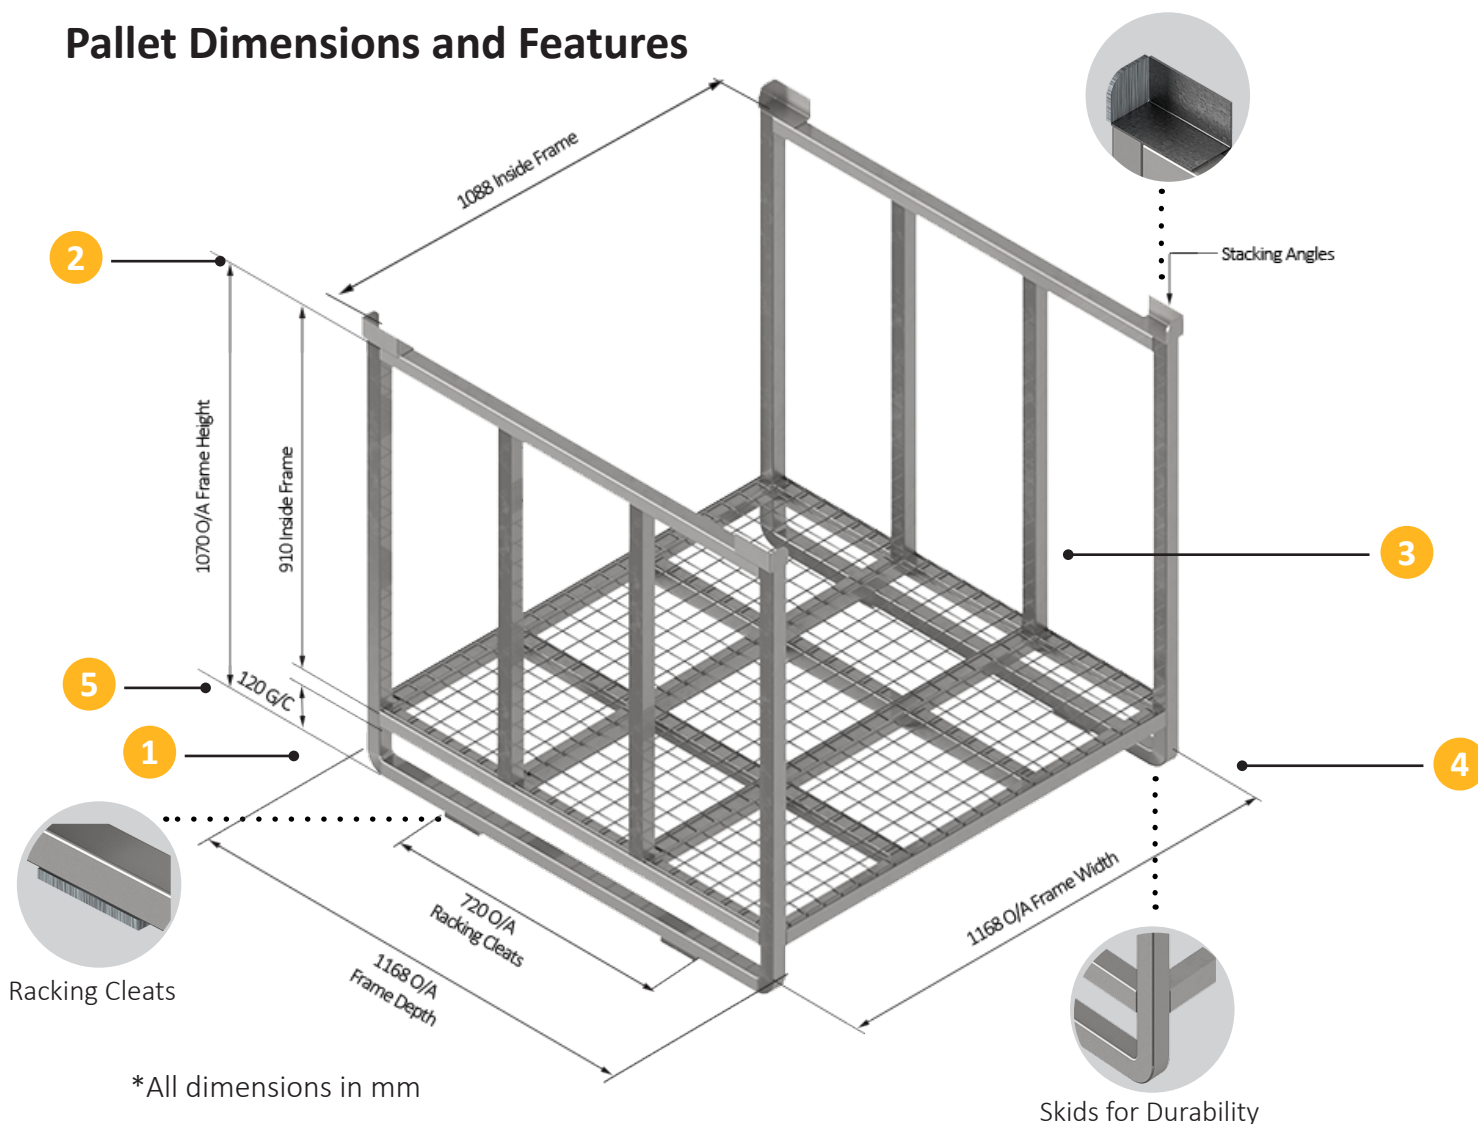

The Series 90C Pallet Range provides an array of options for your unique storage needs, whether you require a simple stillage or the added security and ease of access with mesh, sheet or customisable gates. All Series 90C Pallets are stackable and rackable with each other using skids, stacking angles and racking cleats, corrosion-resistant with pre-galvanised parts and protected welds, and designed to maximise space efficiency in transit.

### Technical Specifications

- 1 Base clad with 50 x 50 x 4.0mm mesh
- 2 4 post stillage with horizontal top bar front to rear
- 3 Additional side droppers to secure shorter lengths
- 4 Lightweight - Unit Weight of 45kg
- 5 120mm Ground Clearance for easy forklift access

### Pallet Dimensions and Features

# SERIES 90C PALLET RANGE

## Model A-105-C

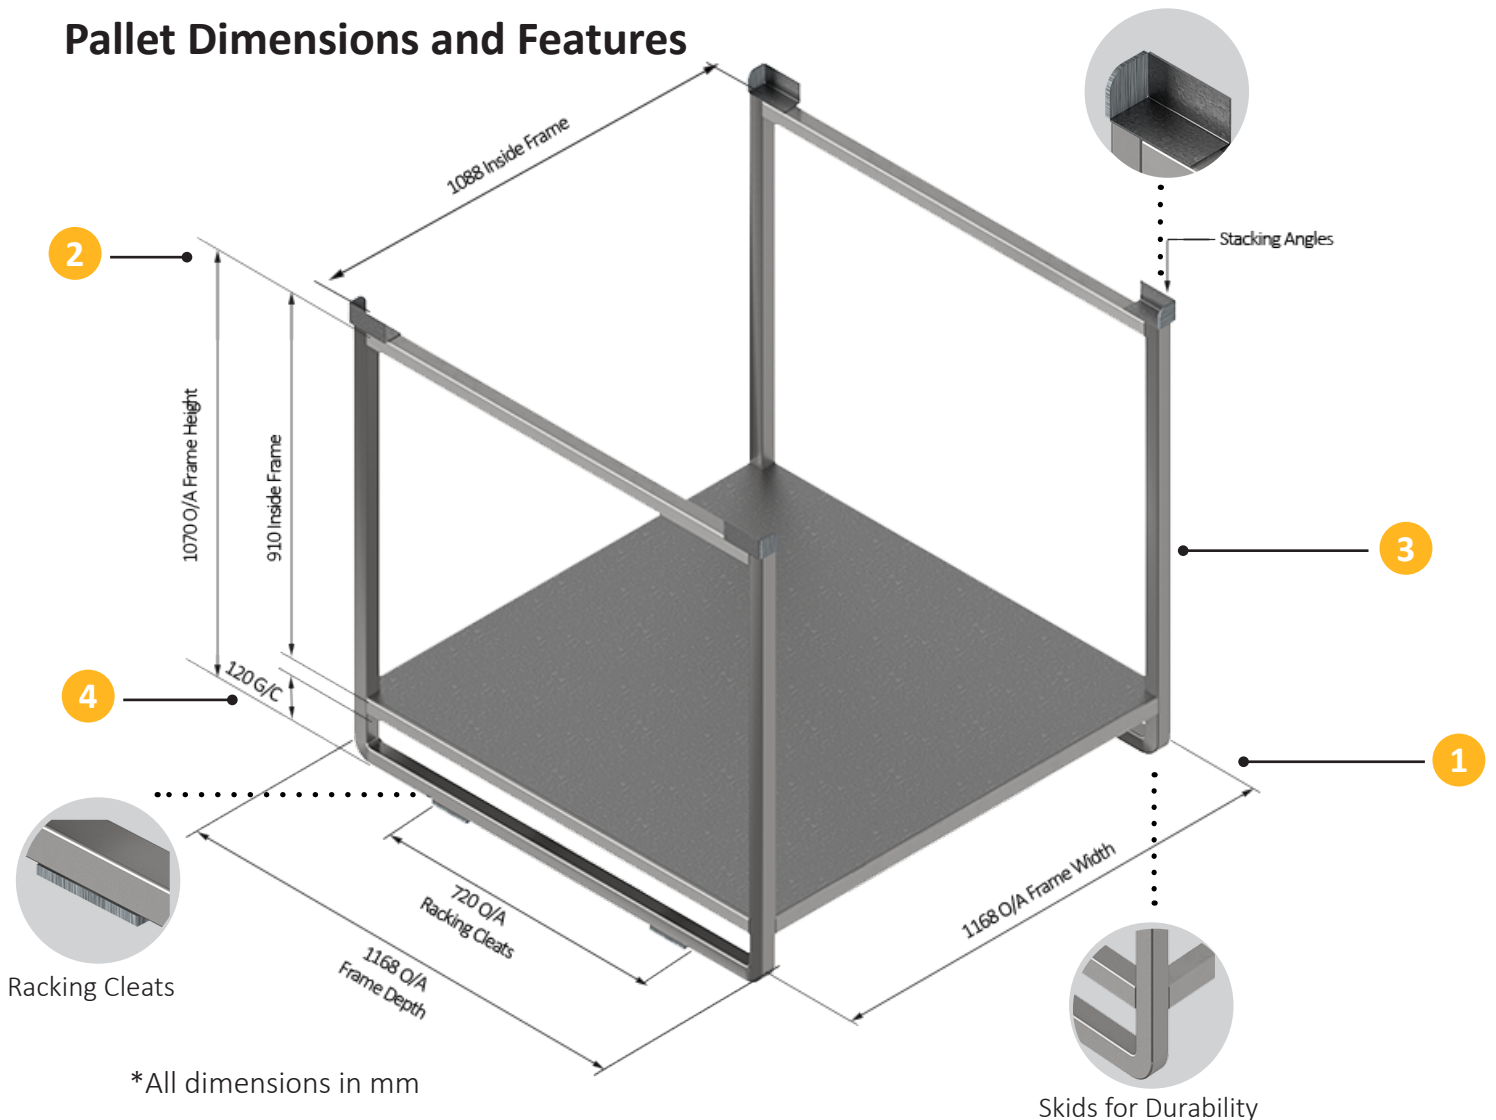

The Series 90C Pallet Range provides an array of options for your unique storage needs, whether you require a simple stillage or the added security and ease of access with mesh, sheet or customisable gates. All Series 90C Pallets are stackable and rackable with each other using skids, stacking angles and racking cleats, corrosion-resistant with pre-galvanised parts and protected welds, and designed to maximise space efficiency in transit.

### Technical Specifications

- |   |   |
|---|---|
| 1 | Base clad with 1.2mm sheet                            |
| 2 | 4 post stillage with horizontal top bar front to rear |
| 3 | Lightweight - Unit Weight of 45kg                     |
| 4 | 120mm Ground Clearance for easy forklift access       |

### Pallet Dimensions and Features

# SERIES 90C PALLET RANGE

## Model A-106-C

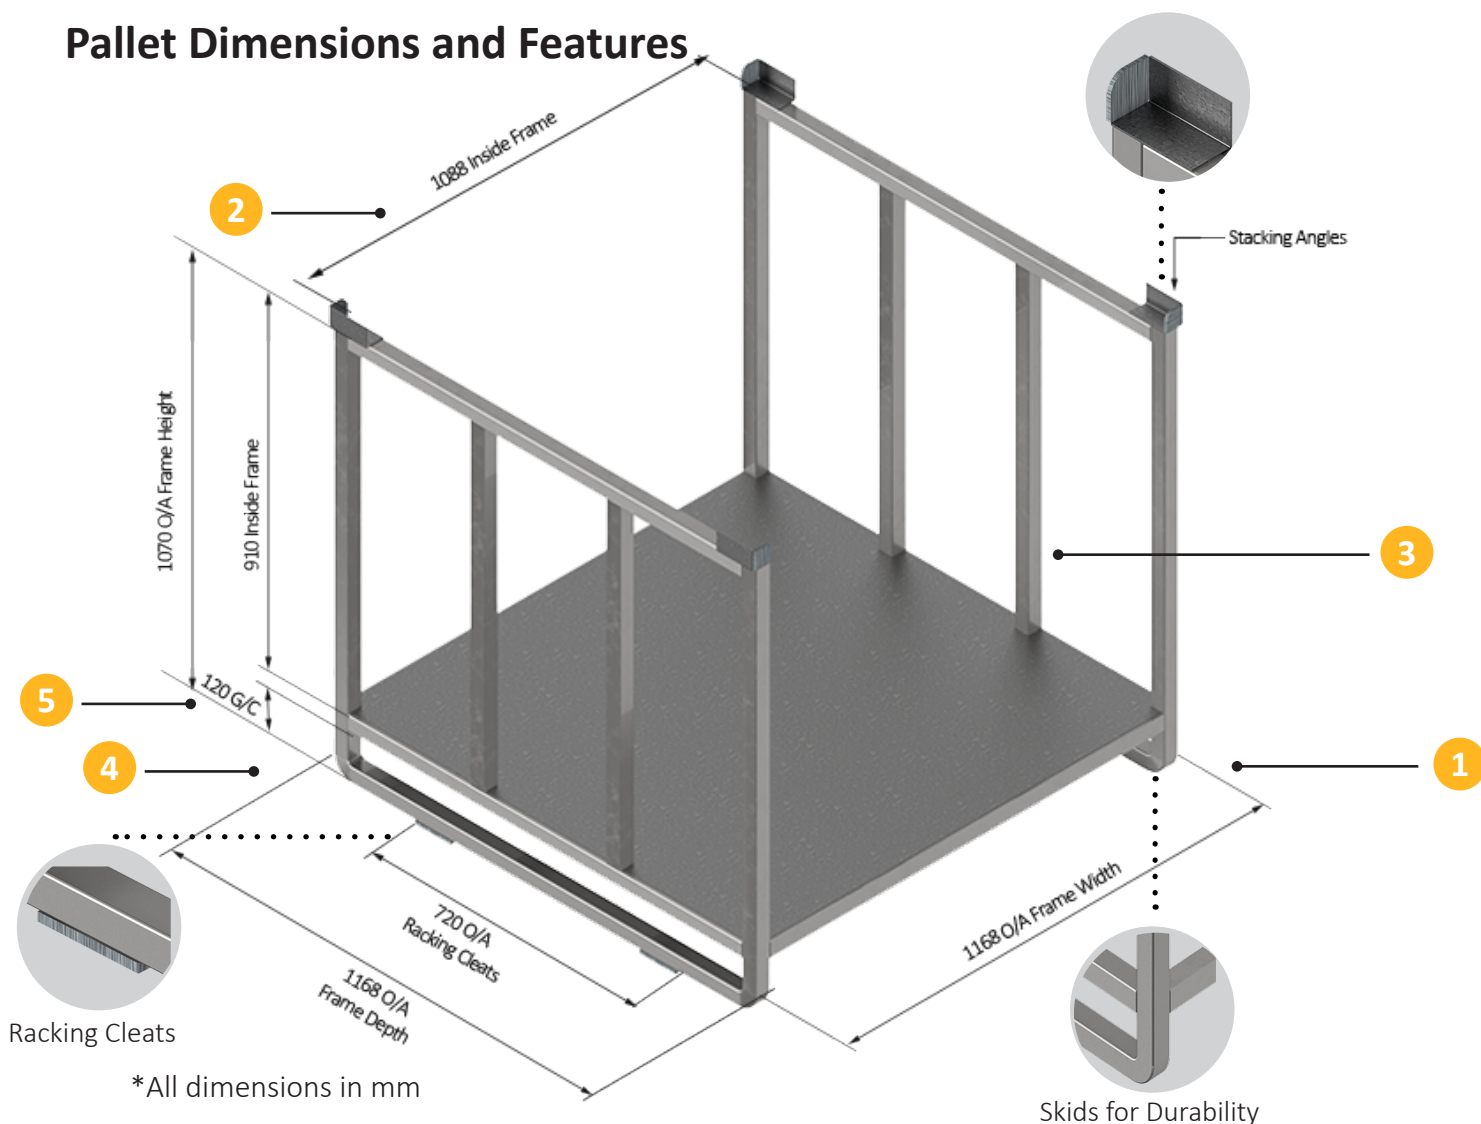

The Series 90C Pallet Range provides an array of options for your unique storage needs, whether you require a simple stillage or the added security and ease of access with mesh, sheet or customisable gates. All Series 90C Pallets are stackable and rackable with each other using skids, stacking angles and racking cleats, corrosion-resistant with pre-galvanised parts and protected welds, and designed to maximise space efficiency in transit.

### Technical Specifications

- 1 Base clad with 1.2mm sheet
- 2 4 post stillage with horizontal top bar front to rear
- 3 Additional side droppers to secure shorter lengths
- 4 Lightweight - Unit Weight of 52kg
- 5 120mm Ground Clearance for easy forklift access

### Pallet Dimensions and Features

# SERIES 90C PALLET RANGE

## Model B-201-C

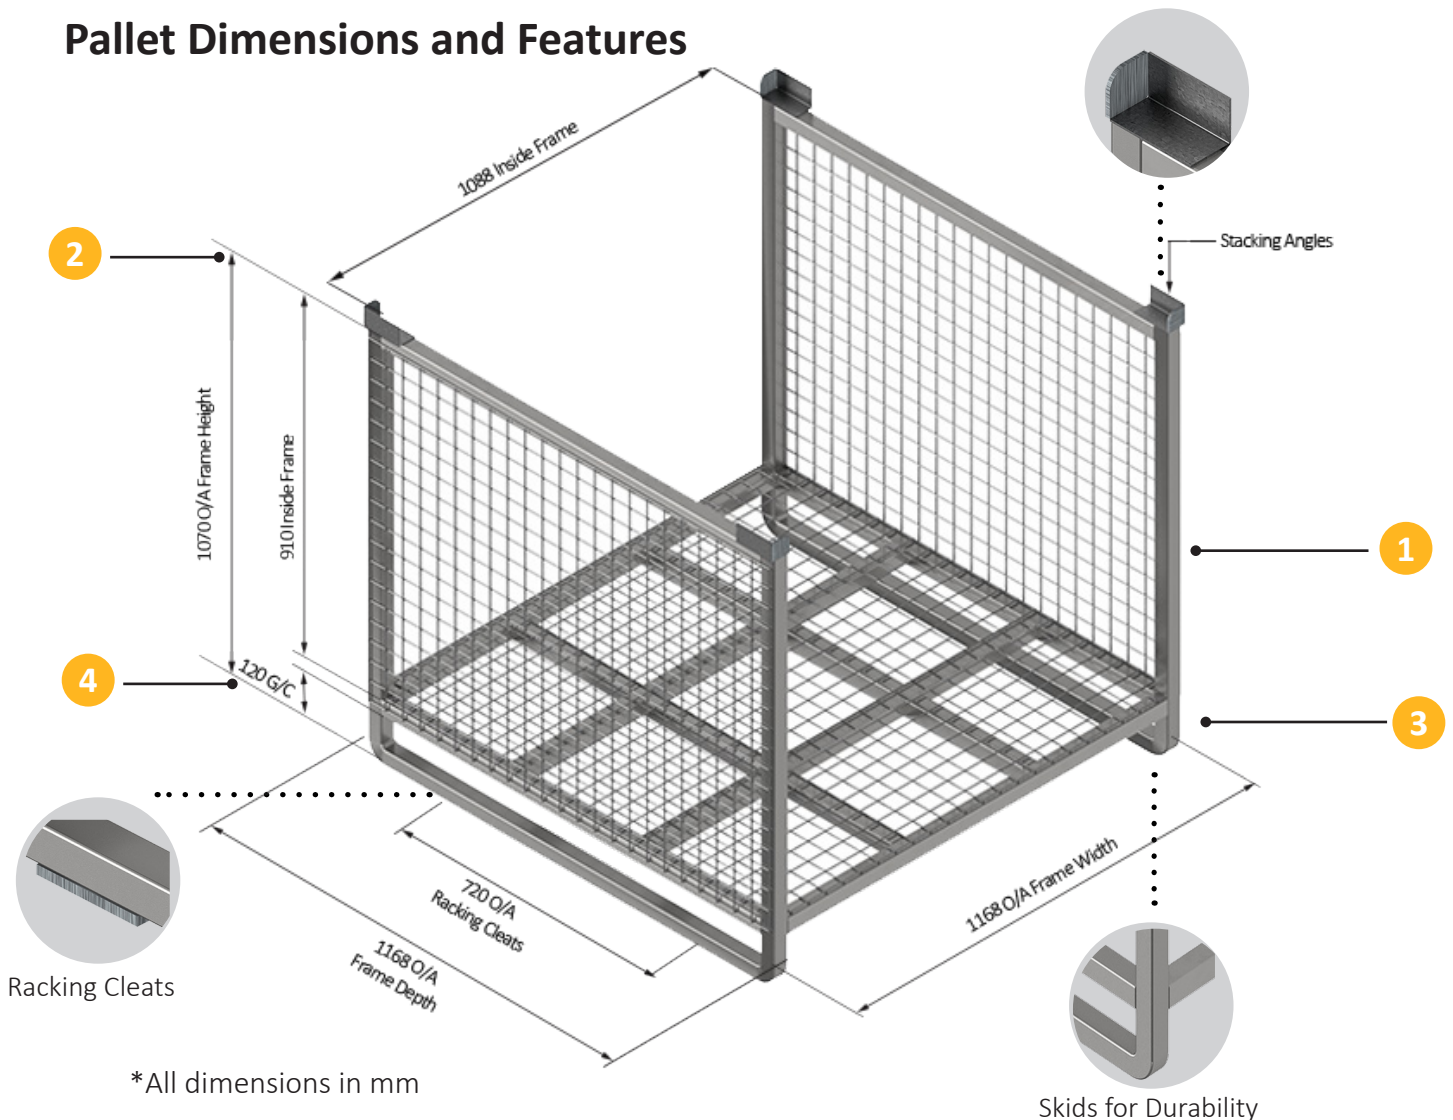

The Series 90C Pallet Range provides an array of options for your unique storage needs, whether you require a simple stillage or the added security and ease of access with mesh, sheet or customisable gates. All Series 90C Pallets are stackable and rackable with each other using skids, stacking angles and racking cleats, corrosion-resistant with pre-galvanised parts and protected welds, and designed to maximise space efficiency in transit.

### Technical Specifications

- 1 Base and sides clad with 50x 50 x 4.0mm mesh
- 2 4 post stillage with horizontal top bar front to rear
- 3 Lightweight - Unit Weight of 46kg
- 4 120mm Ground Clearance for easy forklift access

### Pallet Dimensions and Features

# SERIES 90C PALLET RANGE

## Model B-202-C

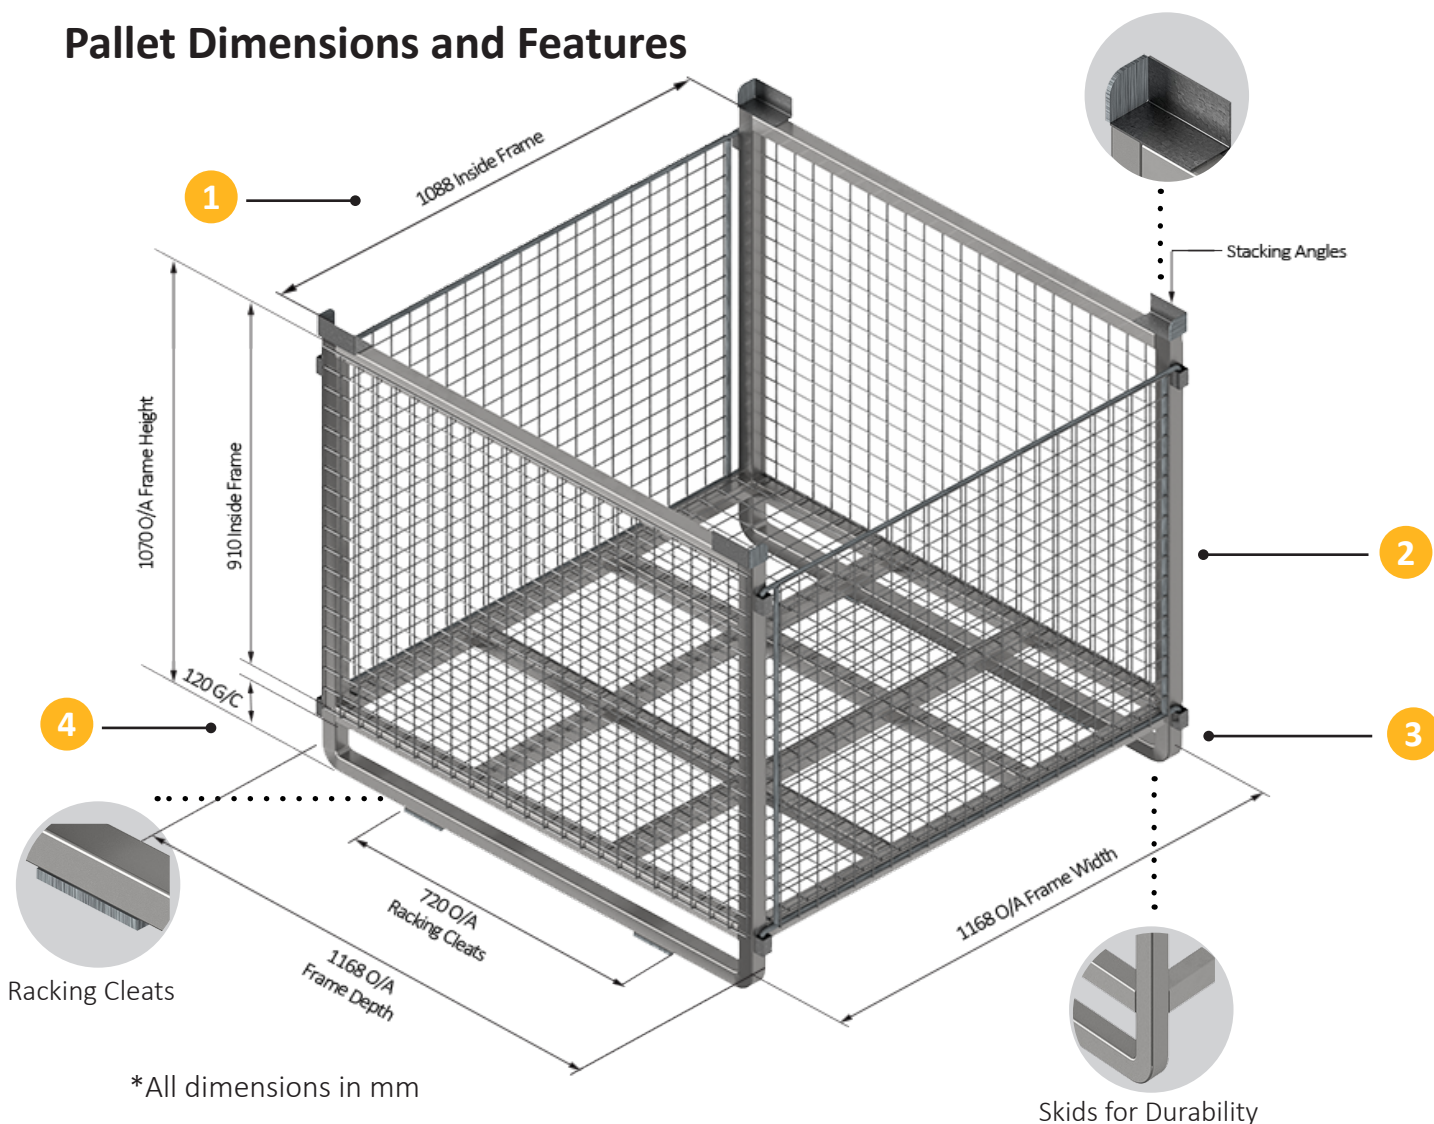

The Series 90C Pallet Range provides an array of options for your unique storage needs, whether you require a simple stillage or the added security and ease of access with mesh, sheet or customisable gates. All Series 90C Pallets are stackable and rackable with each other using skids, stacking angles and racking cleats, corrosion-resistant with pre-galvanised parts and protected welds, and designed to maximise space efficiency in transit.

### Technical Specifications

- 1 Base, sides and gate clad with 50x 50 x 4.0mm mesh
- 2 Pallet cage with front and rear removable gates
- 3 Lightweight - Unit Weight of 60kg
- 4 120mm Ground Clearance for easy forklift access

### Pallet Dimensions and Features

# SERIES 90C PALLETS RANGE

## Model B-203-C

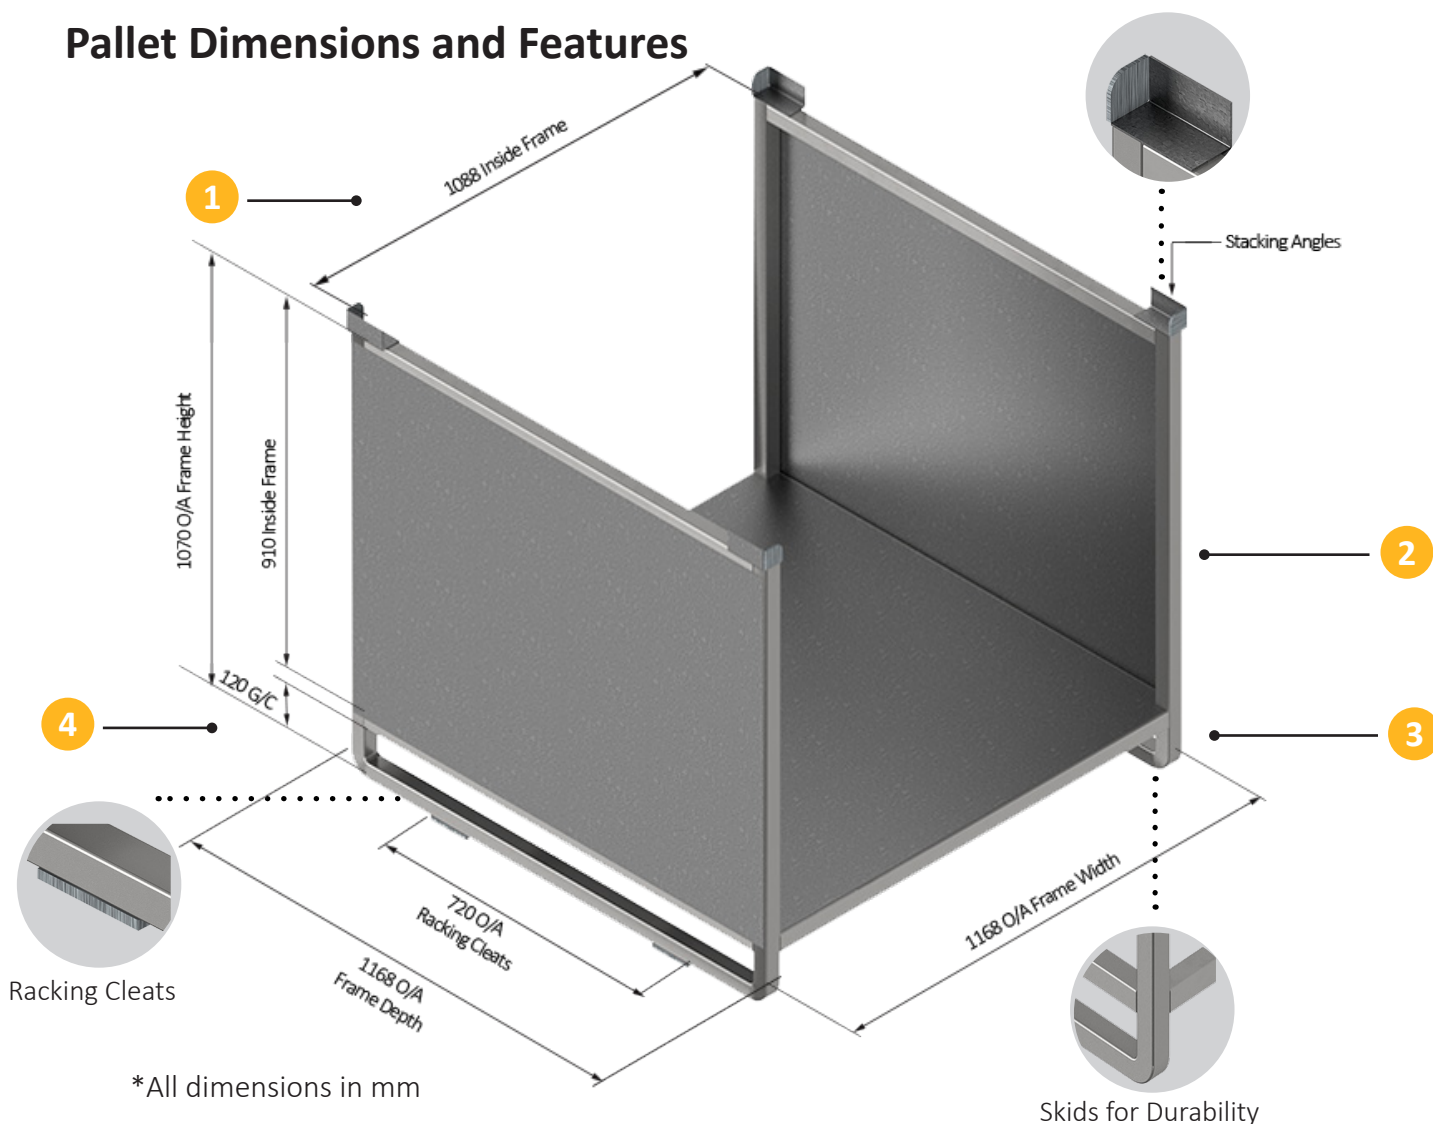

The Series 90C Pallet Range provides an array of options for your unique storage needs, whether you require a simple stillage or the added security and ease of access with mesh, sheet or customisable gates. All Series 90C Pallets are stackable and rackable with each other using skids, stacking angles and racking cleats, corrosion-resistant with pre-galvanised parts and protected welds, and designed to maximise space efficiency in transit.

### Technical Specifications

- |   |  |
|---|--|
| 1 | Base and sides clad with 1.2mm sheet                   |
| 2 | 4 post stillage with horizontal top bars front to rear |
| 3 | Lightweight - Unit Weight of 63kg                      |
| 4 | 120mm Ground Clearance for easy forklift access        |

### Pallet Dimensions and Features

# SERIES 90C PALLET RANGE

## Model B-204-C

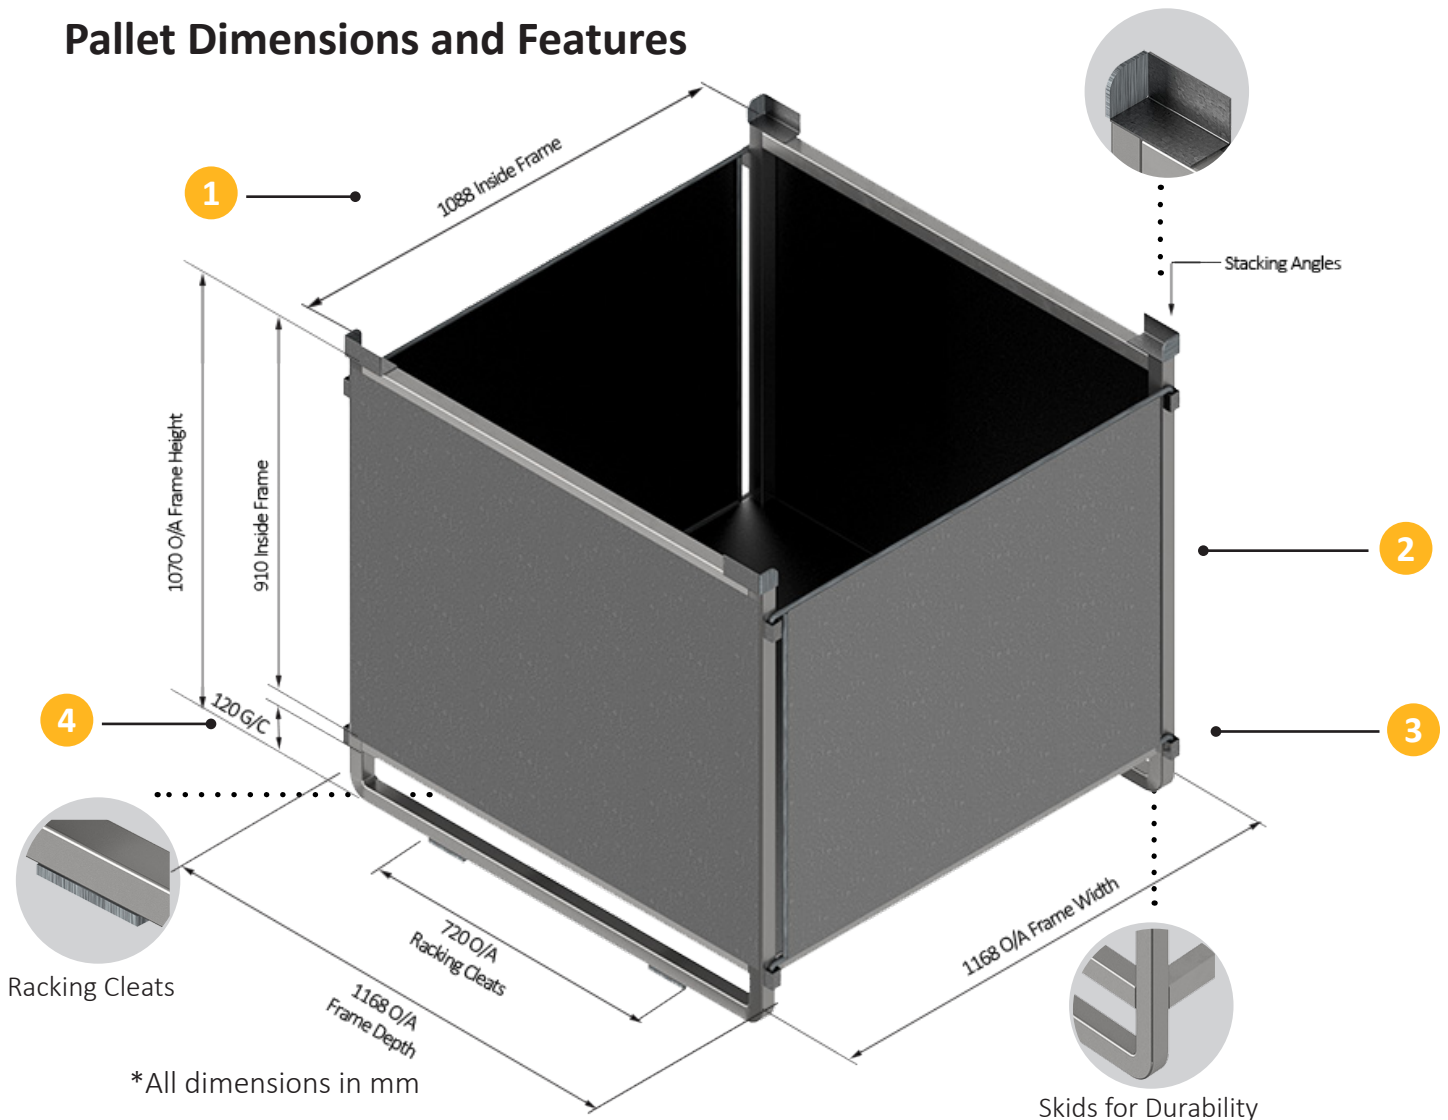

The Series 90C Pallet Range provides an array of options for your unique storage needs, whether you require a simple stillage or the added security and ease of access with mesh, sheet or customisable gates. All Series 90C Pallets are stackable and rackable with each other using skids, stacking angles and racking cleats, corrosion-resistant with pre-galvanised parts and protected welds, and designed to maximise space efficiency in transit.

### Technical Specifications

- 1 Base, sides and gate clad with 1.2mm sheet
- 2 Pallet cage with front and rear removable gate
- 3 Lightweight - Unit Weight of 63kg
- 4 120mm Ground Clearance for easy forklift access

### Pallet Dimensions and Features

# SERIES 90C PALLET RANGE

## Model C-301-C

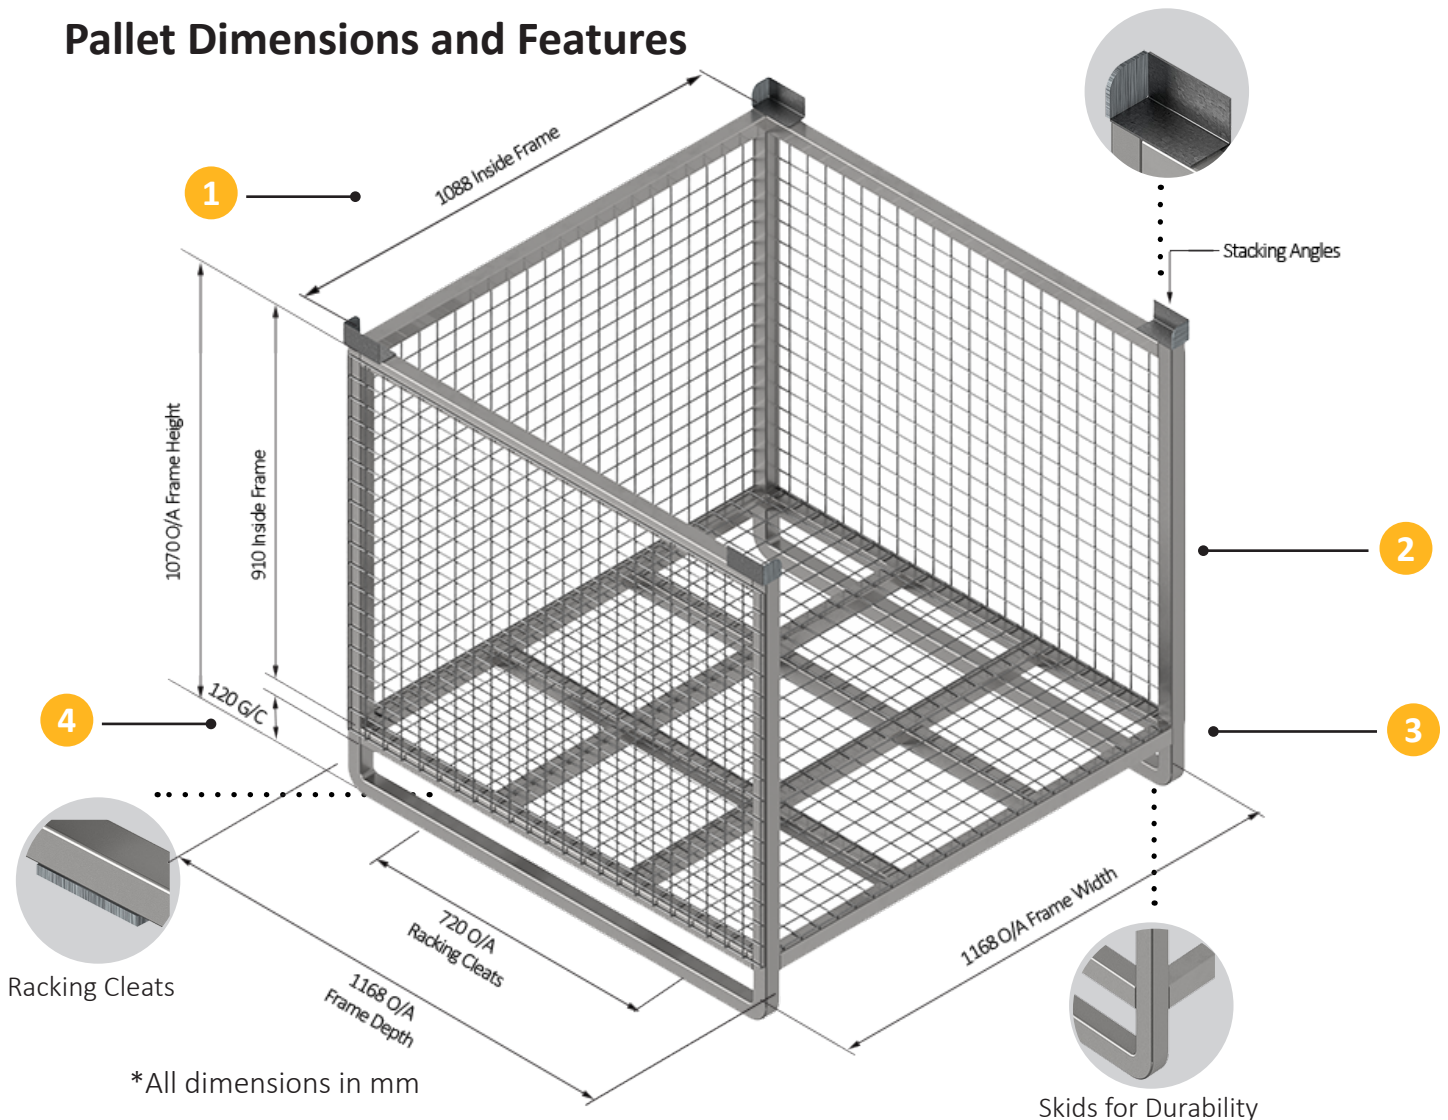

The Series 90C Pallet Range provides an array of options for your unique storage needs, whether you require a simple stillage or the added security and ease of access with mesh, sheet or customisable gates. All Series 90C Pallets are stackable and rackable with each other using skids, stacking angles and racking cleats, corrosion-resistant with pre-galvanised parts and protected welds, and designed to maximise space efficiency in transit.

### Technical Specifications

- 1 Base, sides and gate clad with 50 x 50 x 4.0mm mesh
- 2 Pallet cage with open front
- 3 Lightweight - Unit Weight of 51kg
- 4 120mm Ground Clearance for easy forklift access

### Pallet Dimensions and Features

# SERIES 90C PALLET RANGE

## Model C-302-C

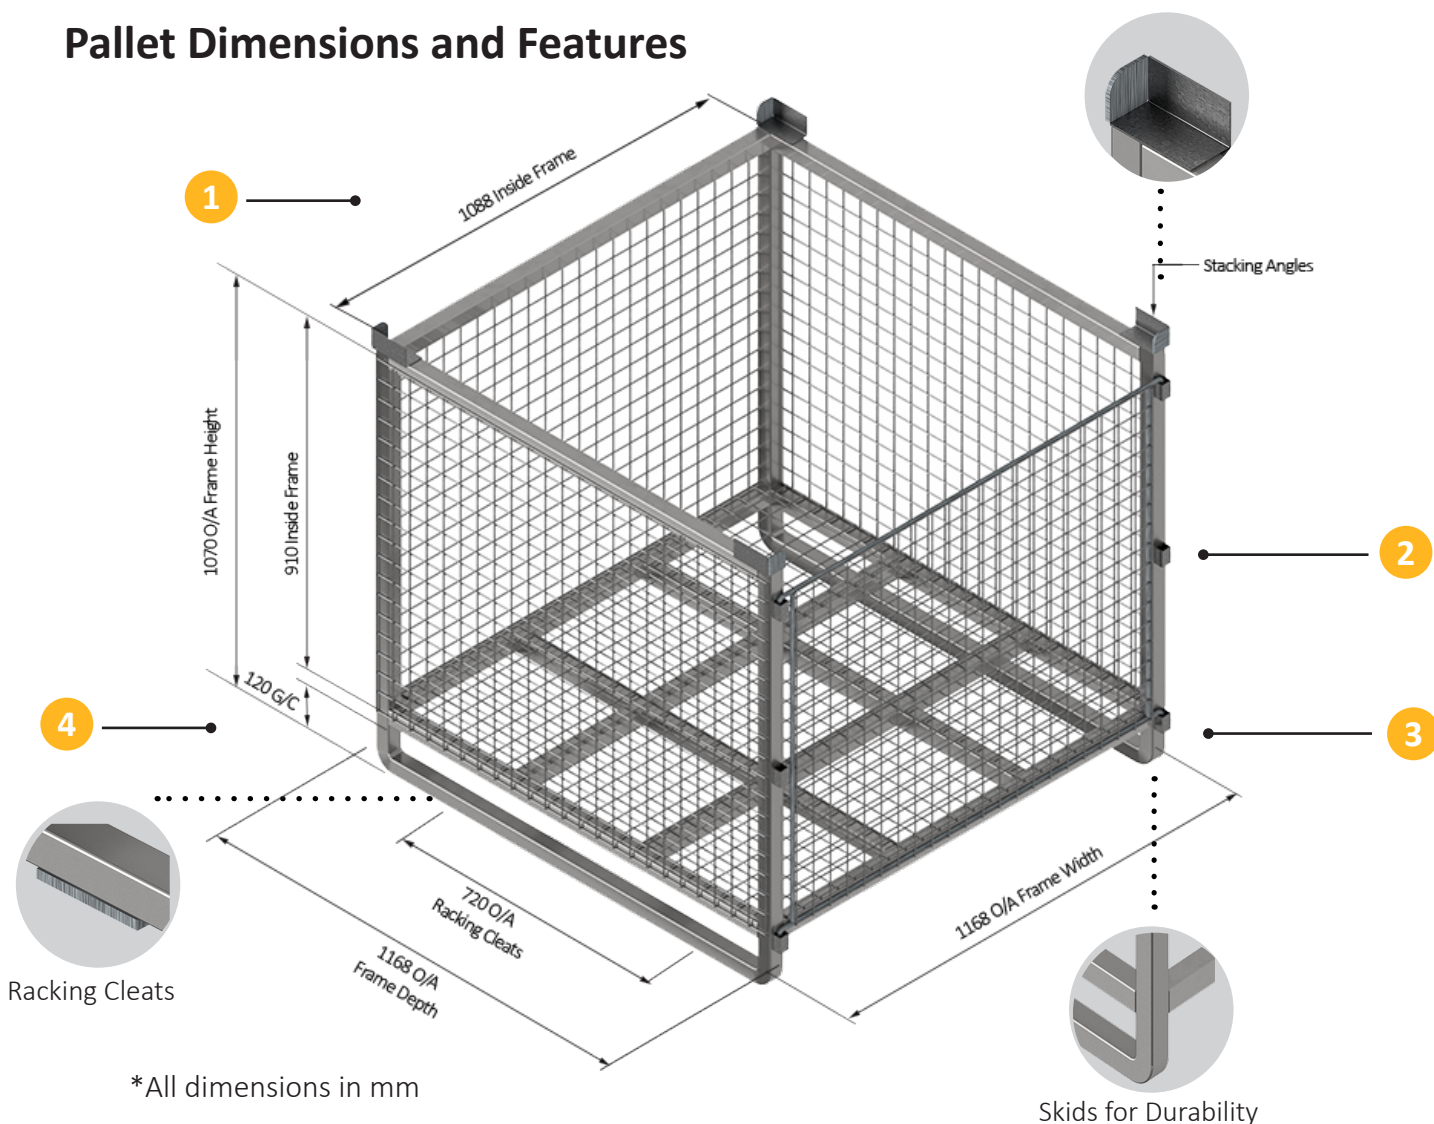

The Series 90C Pallet Range provides an array of options for your unique storage needs, whether you require a simple stillage or the added security and ease of access with mesh, sheet or customisable gates. All Series 90C Pallets are stackable and rackable with each other using skids, stacking angles and racking cleats, corrosion-resistant with pre-galvanised parts and protected welds, and designed to maximise space efficiency in transit.

### Technical Specifications

- 1 Base, sides and gate clad with 50 x 50 x 4.0mm mesh
- 2 Pallet cage with fully removable front gate
- 3 Lightweight - Unit Weight of 58kg
- 4 120mm Ground Clearance for easy forklift access

### Pallet Dimensions and Features

# SERIES 90C PALLET RANGE

## Model C-303-C

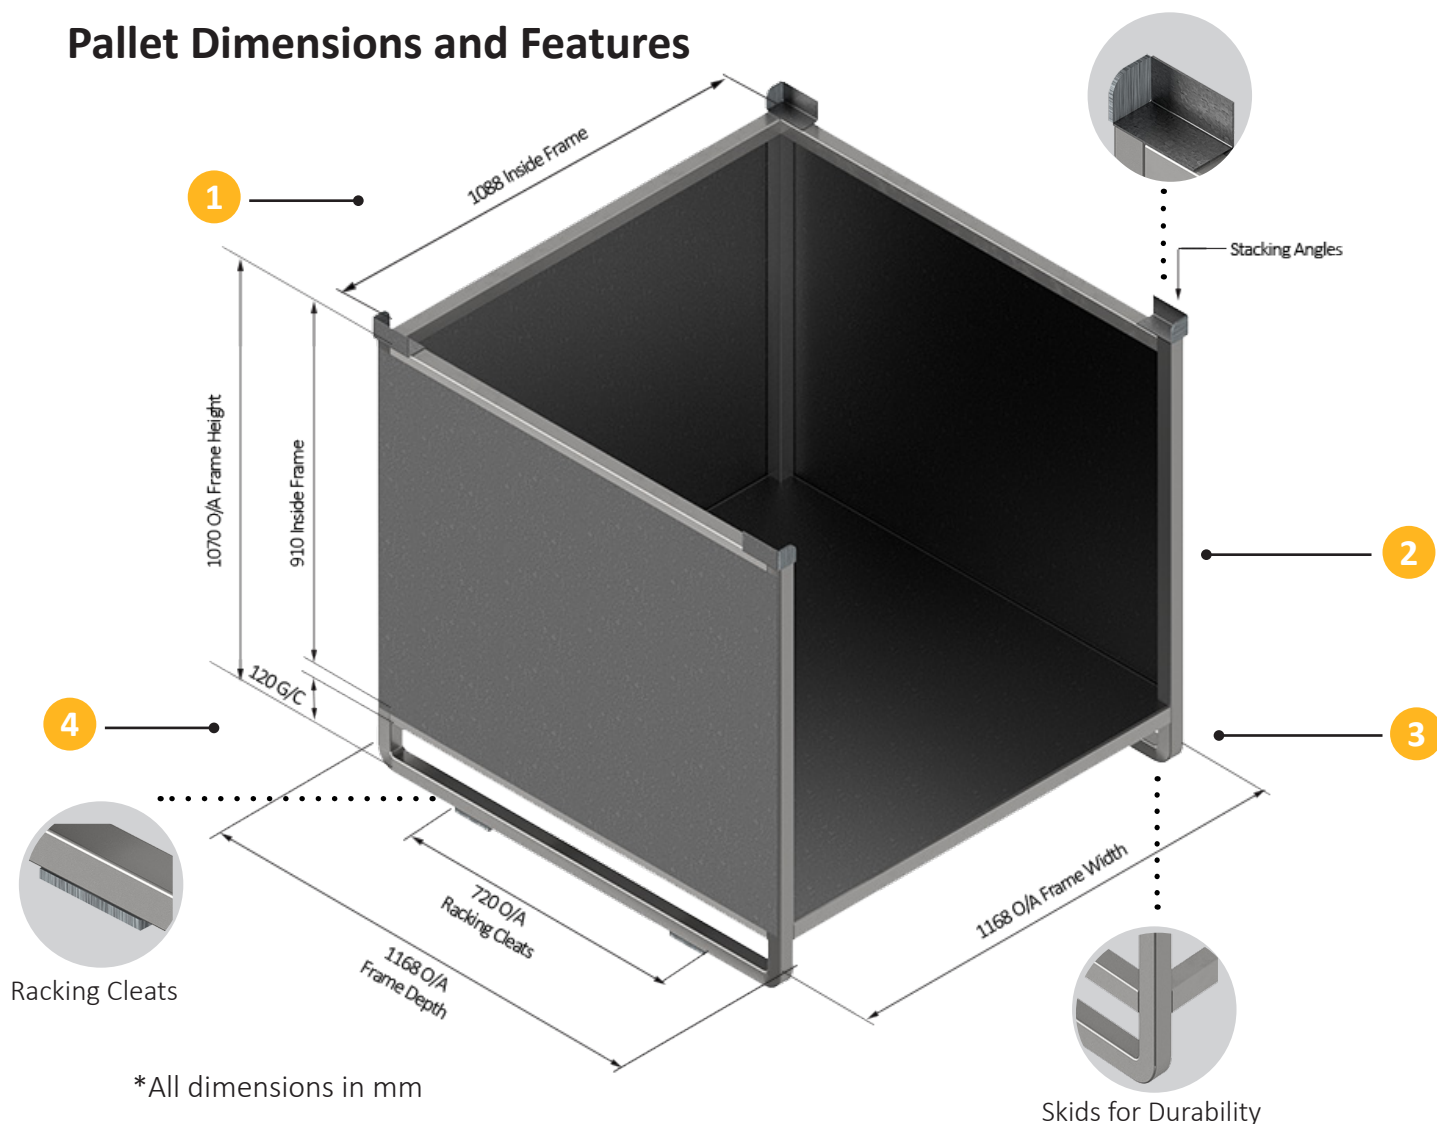

The Series 90C Pallet Range provides an array of options for your unique storage needs, whether you require a simple stillage or the added security and ease of access with mesh, sheet or customisable gates. All Series 90C Pallets are stackable and rackable with each other using skids, stacking angles and racking cleats, corrosion-resistant with pre-galvanised parts and protected welds, and designed to maximise space efficiency in transit.

### Technical Specifications

- 1 Base, sides and gate clad with 1.2mm Gal sheet
- 2 Pallet cage with open front
- 3 Lightweight - Unit Weight of 74kg
- 4 120mm Ground Clearance for easy forklift access

### Pallet Dimensions and Features

# SERIES 90C PALLET RANGE

## Model C-304-C

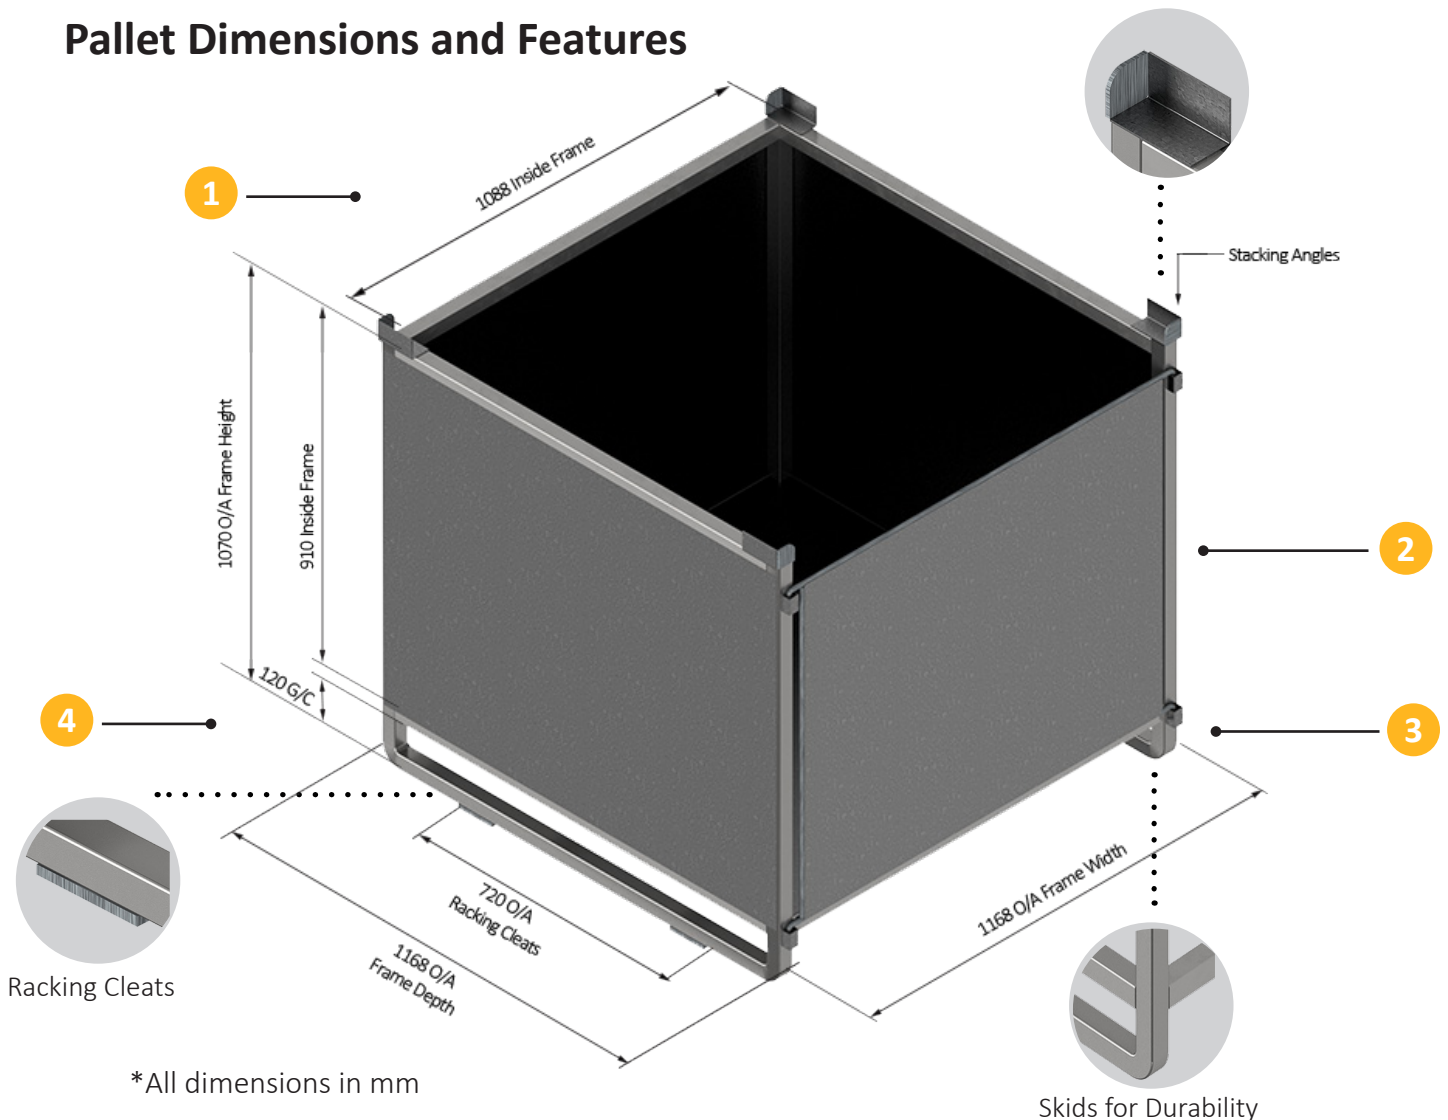

The Series 90C Pallet Range provides an array of options for your unique storage needs, whether you require a simple stillage or the added security and ease of access with mesh, sheet or customisable gates. All Series 90C Pallets are stackable and rackable with each other using skids, stacking angles and racking cleats, corrosion-resistant with pre-galvanised parts and protected welds, and designed to maximise space efficiency in transit.

### Technical Specifications

- 1 Base, sides and gate clad with 1.2mm Gal sheet
- 2 Pallet cage with fully removable front gate
- 3 Lightweight - Unit Weight of 85kg
- 4 120mm Ground Clearance for easy forklift access

### Pallet Dimensions and Features

# SERIES 90C PALLET RANGE

## Model C-305-C

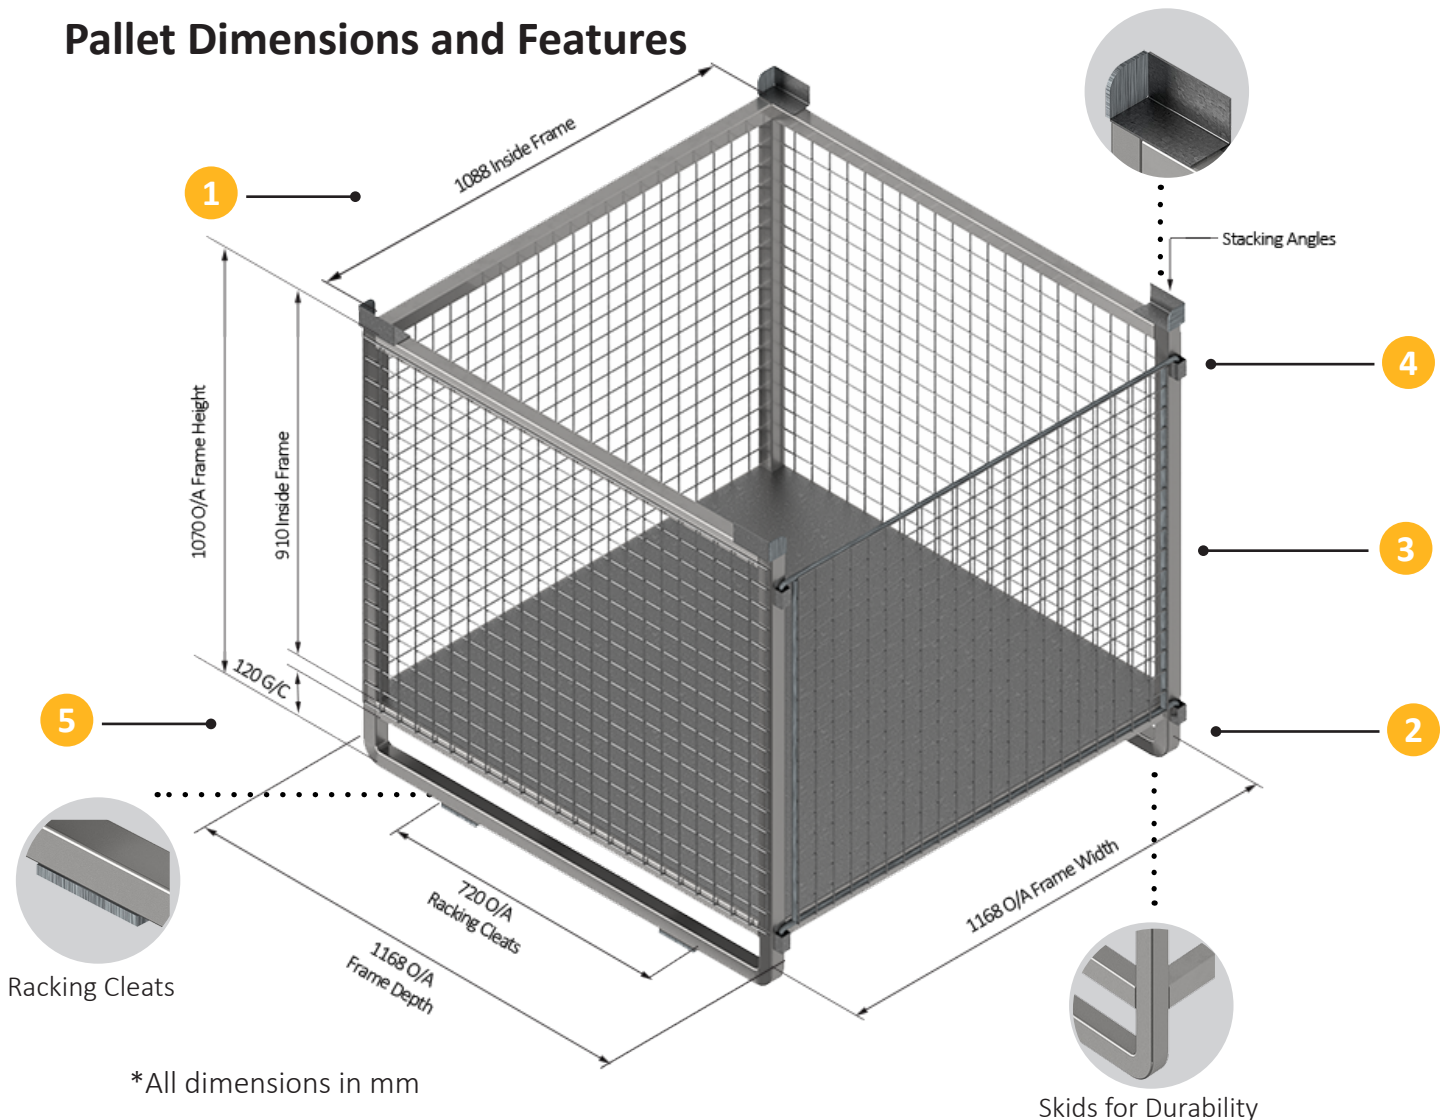

The Series 90C Pallet Range provides an array of options for your unique storage needs, whether you require a simple stillage or the added security and ease of access with mesh, sheet or customisable gates. All Series 90C Pallets are stackable and rackable with each other using skids, stacking angles and racking cleats, corrosion-resistant with pre-galvanised parts and protected welds, and designed to maximise space efficiency in transit.

### Technical Specifications

- 1 Sides, rear and gate clad with 50 x 50 x 4.0mm mesh
- 2 Base clad with 1.2mm sheet
- 3 Pallet cage with fully removable front gate
- 4 Lightweight - Unit Weight of 65kg
- 5 120mm Ground Clearance for easy forklift access

### Pallet Dimensions and Features

# SERIES 90C PALLET RANGE

## Model D-401-C

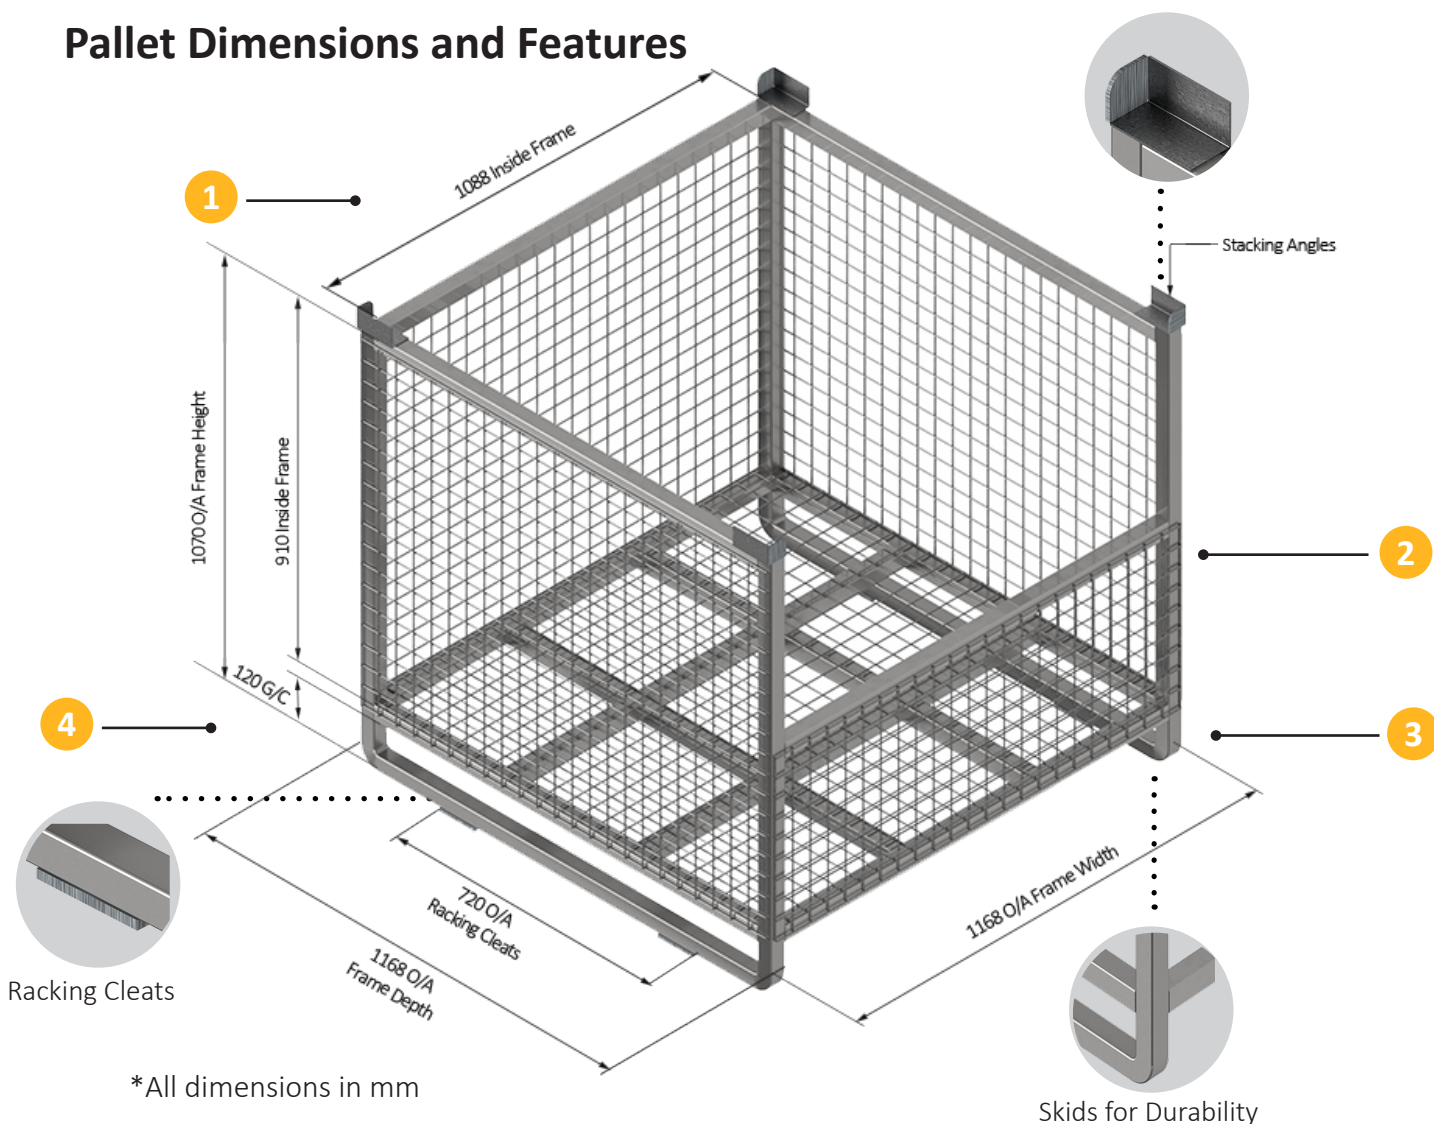

The Series 90C Pallet Range provides an array of options for your unique storage needs, whether you require a simple stillage or the added security and ease of access with mesh, sheet or customisable gates. All Series 90C Pallets are stackable and rackable with each other using skids, stacking angles and racking cleats, corrosion-resistant with pre-galvanised parts and protected welds, and designed to maximise space efficiency in transit.

### Technical Specifications

- 1 Base, sides and gate clad with 50 x 50 x 4.0mm mesh
- 2 Pallet cage with fixed half-front
- 3 Lightweight - Unit Weight of 55kg
- 4 120mm Ground Clearance for easy forklift access

### Pallet Dimensions and Features

# SERIES 90C PALLET RANGE

## Model D-402-C

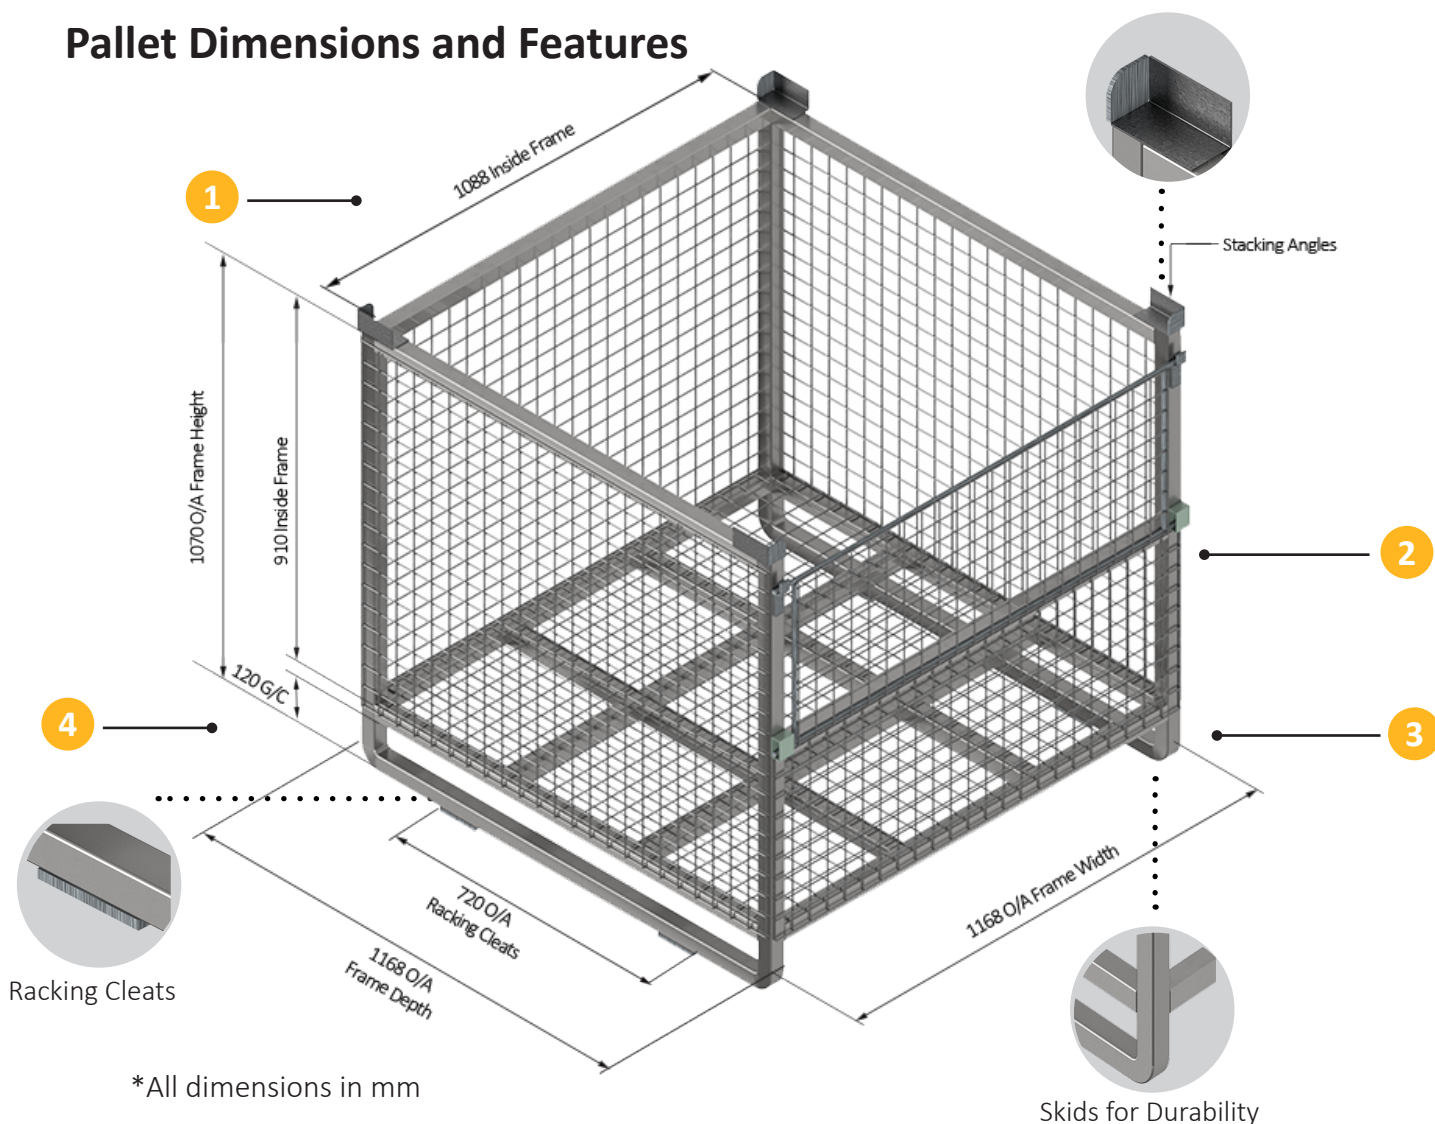

The Series 90C Pallet Range provides an array of options for your unique storage needs, whether you require a simple stillage or the added security and ease of access with mesh, sheet or customisable gates. All Series 90C Pallets are stackable and rackable with each other using skids, stacking angles and racking cleats, corrosion-resistant with pre-galvanised parts and protected welds, and designed to maximise space efficiency in transit.

### Technical Specifications

- 1 Base, sides and front clad with 50 x 50 x 4.0mm mesh
- 2 Pallet cage with half-drop non-removable gate
- 3 Lightweight - Unit Weight of 60kg
- 4 120mm Ground Clearance for easy forklift access

### Pallet Dimensions and Features

# SERIES 90C PALLET RANGE

## Model D-403-C

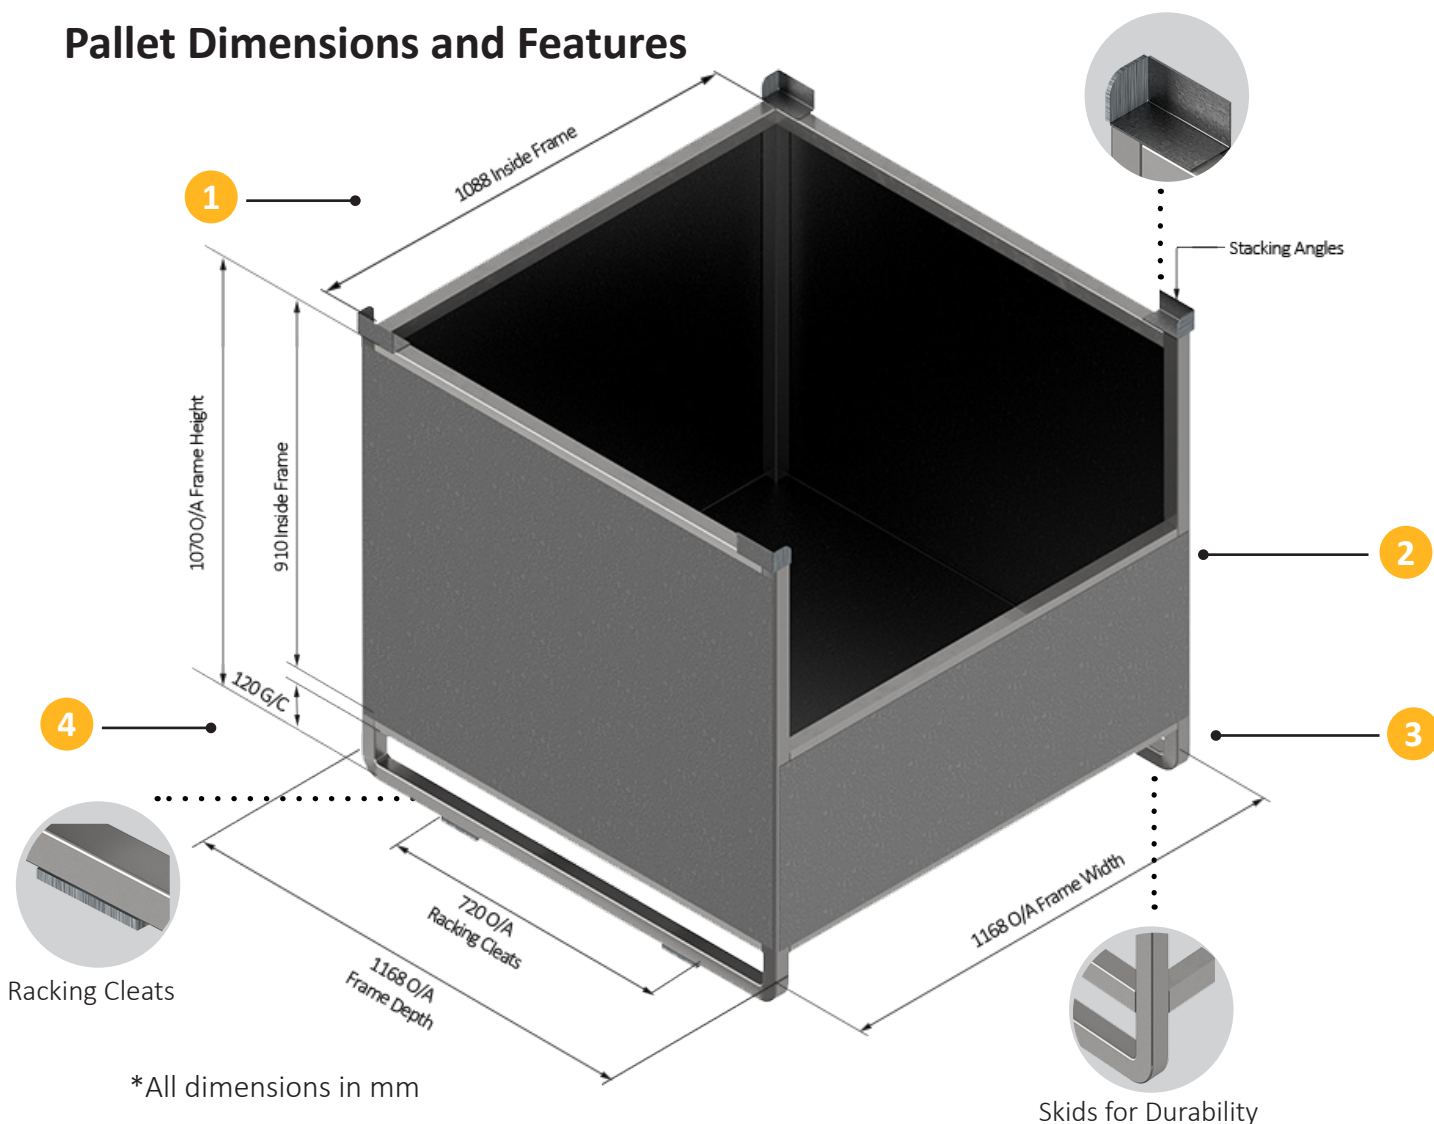

The Series 90C Pallet Range provides an array of options for your unique storage needs, whether you require a simple stillage or the added security and ease of access with mesh, sheet or customisable gates. All Series 90C Pallets are stackable and rackable with each other using skids, stacking angles and racking cleats, corrosion-resistant with pre-galvanised parts and protected welds, and designed to maximise space efficiency in transit.

### Technical Specifications

- 1 Base, sides and front clad with 1.2mm sheet
- 2 Pallet cage with fixed half-front
- 3 Lightweight - Unit Weight of 80kg
- 4 120mm Ground Clearance for easy forklift access

### Pallet Dimensions and Features

# SERIES 90C PALLET RANGE

## Model D-404-C

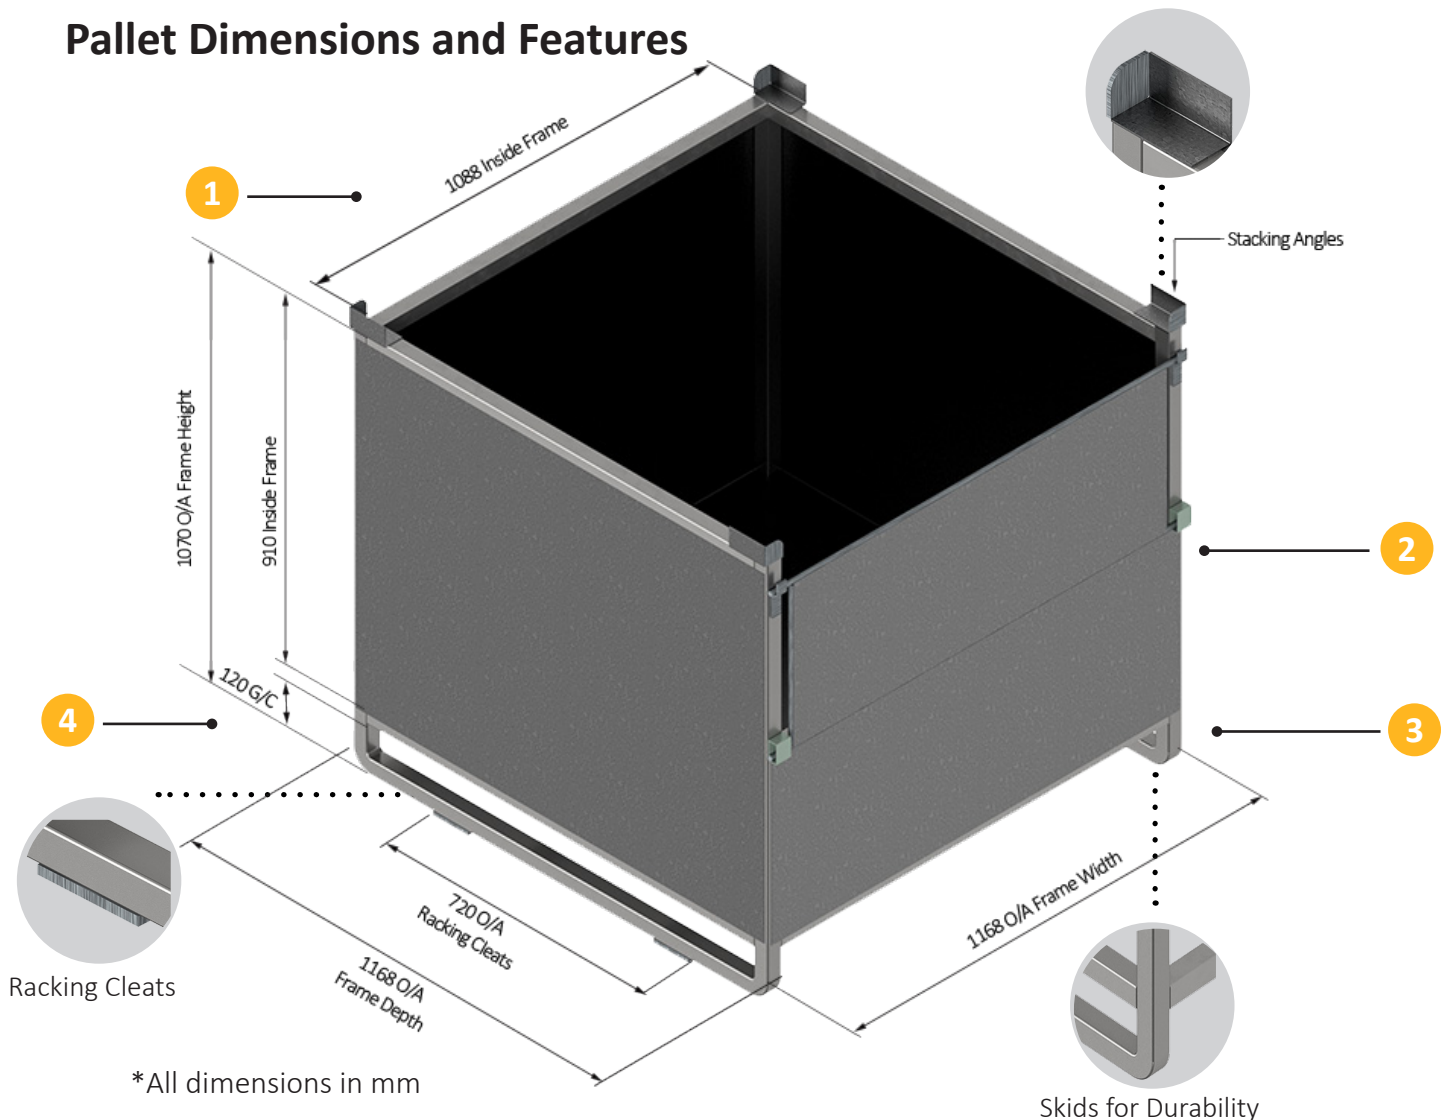

The Series 90C Pallet Range provides an array of options for your unique storage needs, whether you require a simple stillage or the added security and ease of access with mesh, sheet or customisable gates. All Series 90C Pallets are stackable and rackable with each other using skids, stacking angles and racking cleats, corrosion-resistant with pre-galvanised parts and protected welds, and designed to maximise space efficiency in transit.

### Technical Specifications

- 1 Base, sides and front clad with 1.2mm sheet
- 2 Pallet cage with half-drop non-removable gate
- 3 Lightweight - Unit Weight of 87kg
- 4 120mm Ground Clearance for easy forklift access

### Pallet Dimensions and Features

# SERIES 90C PALLET RANGE

## Model D-405-C

The Series 90C Pallet Range provides an array of options for your unique storage needs, whether you require a simple stillage or the added security and ease of access with mesh, sheet or customisable gates.
