

# Don't monkey around with explosives storage and transportation

**Store-Safe's** range of day use portable magazines for Class 1 explosives, detonators and fireworks/pyrotechnics have been specifically designed to eliminate the incidence of theft and pilfering, whether on-site or during transportation. The magazines have been reviewed by WorkCover (NSW) and comply to AS2187.1-1998.

Available in two sizes, each Store-Safe magazine features a host of benefits including:

- Constructed using strengthened 2mm BlueScope Steel
- Wood lining
- All weather design
- BiLock registered security key system
- Heavy-duty hinges
- High-tensile locking rods
- Hi-vis red powder coating finish
- Detonator magazines are compliant for Class 1.4S: audible track signals for railway use

Each magazine lid is clearly branded for each explosive type: detonators, explosives or fireworks/pyrotechnics.
